How to use this guide

Understand UOW course types

BACHELOR’S DEGREES

UOW bachelor’s degrees offer you many options to focus on and combine interests. These degrees are often flexible, with a wide range of majors to specialise your studies. Many bachelor’s offer a double major option, or a broad range of elective subjects, allowing you to custom-build your own degree around your passions.

HIGH-ACHIEVER PROGRAMS

Our high-achiever programs offer you self-directed study and research opportunities. These programs may be integrated into your degree or taken as an additional year of study. For more, visit uow.info/high-achiever

DEAN’S SCHOLAR (DS), SCHOLAR DEGREES (S) AND ADVANCED DEGREES

These degrees give high-achieving students opportunities to excel. Dean’s Scholar, Scholar and Advanced Programs vary throughout degrees, with each offering either some – or all – of the following opportunities; an academic mentor, annual book allowance, exemption from some first year subjects, ability to fast-track the degree, access to academic workshops, seminars and networking events, and opportunities to participate in research enrichment activities. Scholars will have opportunities to tailor their studies to their interests, and may be able to accelerate their degrees.

HONOURS

Being granted Honours distinguishes a graduate as a high-achiever. Honours degrees are recognised as a qualification above and beyond a degree. An Honours project is a substantial personal study program, often in the form of an individual research project, which usually takes a year to complete.

At UOW, Honours is either integrated into a degree or taken as an additional one-year program after completing a bachelor’s degree. See examples below:

INTEGRATED HONOURS		
4 YEARS Bachelor of Engineering (Honours)		
BACHELOR 3 YEARS Bachelor of Arts	+	HONOURS 1 YEAR Bachelor of Arts (Honours)

Entry requirements

COUNTRY-SPECIFIC ACADEMIC ENTRY REQUIREMENTS

UOW and UOW College Australia recognise secondary qualifications from more than 40 countries and education systems from all around the world, including GCE A Levels, International Baccalaureate and SAT. UOW College Australia can assess students who have completed the equivalent of Australian high school (Year 12) from places such as: China, India, Nepal, Vietnam, and more. Students who have completed an approved Foundation Studies or equivalent program may also be considered for direct entry to UOW.

Not sure about entry requirements from your country?

To find out more, simply submit an application and we will assess this for you or email us at uowcollege-admissions@uow.edu.au

ENGLISH LANGUAGE REQUIREMENTS

All students are required to meet the English language entry requirements specified for their course and provide evidence of their English language proficiency. For full details go to uow.edu.au/future/international/apply/english

Results in the major international English language tests are accepted, including IELTS, TOEFL, Pearson, and Cambridge. Tests should be taken within two years of course commencement for English language courses.

PREVIOUS STUDY IN ENGLISH

Applicants may meet the English language requirement based on successful studies in Australia or offshore where English is the language of instruction.

STUDY IN AUSTRALIA OR AUSTRALIAN QUALIFICATIONS OFFSHORE

Successful completion of the following qualifications are acceptable as meeting the University's English language requirement:

- Year 12 in Australia, or any Australian Year 12 qualification completed offshore;
- Foundation Studies, Certificate IV or Diploma with a minimum duration of one year (full-time) completed in Australia; or any of these qualifications completed at an Australian institution offshore;
- At least one year of full-time study toward a bachelor's or master's degree in Australia, or at an Australian institution offshore.

OTHER QUALIFICATIONS COMPLETED IN ENGLISH

Applicants may be considered as meeting the English language requirements if they have successfully completed two (2) years of secondary or tertiary study at an approved institution where:

- the language of instruction was English; and
- the institution is located in a country where the official language is English.

Academic transcripts and an official letter from the institution certifying that English was the sole language of instruction and assessment must be provided. Previous study in English is considered on a case-by-case basis and does not automatically meet UOW's English language requirement.

WHAT IS THE ENGLISH REQUIREMENT FOR MY COURSE?

The English requirement for each course is shown in the preceding course description pages. The requirements are shown in terms of the IELTS academic test requirements. For example, the English requirement for the Bachelor of Commerce is IELTS: 6.0 (R:6, W:6, L:5, S:5).

This means, to meet the English requirement for this course, a minimum overall score of IELTS 6.0 is required, with at least 6.0 in reading and writing, and 5.0 in speaking and listening bands.

The equivalent scores for overall and individual band scores in the TOEFL and Pearson Test of English (academic tests) can be determined by using the table below:

TEST	Overall	Reading	Writing	Speaking	Listening
IELTS	6.0	6.0	6.0	6.0	6.0
TOEFL	79	18	18	18	18
Pearson PTE	57	57	57	50	50
IELTS	6.5	6.5	6.5	6.5	6.5
TOEFL	88	20	20	20	20
Pearson PTE	64	59	59	59	59
IELTS	7.0	7.0	7.0	7.0	7.0
TOEFL	100	22	22	22	22
Pearson PTE	72	72	72	65	65

The English language requirement may also be satisfied by completing a 'direct entry' English course with UOW College Australia (see page 30).

UOW recognises a number of other English language pathway courses offered by English language centres in Sydney, for details, email futurestudents@uow.edu.au
