Charles Darwin University

Course Guide

INTERNATIONAL 2020 EDITION

Welcome to Charles Darwin University

It is you – the student – who makes Charles Darwin University the new world university it is today.

We know, in addition to achieving a globally recognised qualification, you want to be a change maker – not just to create a positive impact for your own future, but for that of the people around you as well as for your global community and its future generations. It is what drives us too.

Named in honour of the esteemed naturalist, geologist and father of modern evolutionary theory, Charles Darwin, our University is built on the belief that people from diverse backgrounds can come together to share and build knowledge that can make a real and positive change in the world. After all, it is the fresh perspective you bring to your learning coupled with our strong focus on student success that has seen us build a long tradition of helping students transform their lives.

At CDU, you will be part of an inclusive and supportive learning environment where you can develop the capabilities to be part of the next generation of creative thinkers, pacesetters and pathfinders. CDU is a dual-sector university, providing both vocational (skills-based) and higher (academic-based) education in the same institution. As a member of a dual-sector university community, you can move seamlessly from vocational education and training (VET) to higher education (HE) studies, so you can upskill and cross skill as you traverse future-relevant career paths. Our broad range of courses from certificates and diplomas, to undergraduate, postgraduate and research degrees are built on our deep connections with industry, and include disciplines such as nursing, engineering, environmental science, business and commerce, emergency and disaster studies, Indigenous studies, health sciences, creative arts and humanities, and education.

Join a university that is delivering next-generation education and training and is developing real-world skills in its students.

Join CDU to build your new world.

CDU acknowledges and pays respect to the Elders both past and present of all Indigenous groups upon whose lands our campuses and centres are located.

All information contained in this guide is correct at the time of printing but is subject to change as information is reviewed and updated throughout the year. When considering a course, we recommend checking the CDU website for the most up-to-date information cdu.edu.au/international

Why choose CDU?

Why Charles Darwin University?

High graduate salaries – one of two top Australian universities for graduate employment and salary outcomes*.

* Good Universities Guide 2019

Quality – CDU is an award-winning, young and dynamic university, ranked in the Times Higher Education Top 100 Under 50.

Personal – with small class sizes, lecturers know your name and provide personalised support and advice.

Supportive – you will receive support from academic staff and the dedicated International Student Support team, who will work closely with you throughout your student career to ensure your success.

- **Friendly** – our main campus is based in a tropical, modern city set within an inclusive and multicultural community.
- **Convenient** – our principal campus is surrounded by nature, with bike paths linking the university to its tropical surrounds, including a beautiful beach just a few minutes away. Affordable public transport connects the University to the Darwin CBD.
- **Relevant** – due to CDU's proximity to Asia, the skills and knowledge you will gain at CDU in areas like environmental and social challenges can be easily transferred to Asian contexts.
- **Leader in Indigenous education** – each year CDU teaches more than 4,000 Indigenous students in more than 150 locations across the NT.
- **Dual-sector university** – you will find the right study pathway for you, from VET and undergraduate courses to postgraduate and higher degrees by research.

Why Darwin? Australia's best-kept secret

Close to home – Darwin is the gateway to Asia with only four and a half hours' flying time to Singapore.

Multicultural – almost one-quarter of the Darwin population speaks a language other than English at home. Enjoy the many multicultural community groups, markets, and international festivals.

Laid-back lifestyle – 140,000 people, wide open spaces, beautiful beaches and good public transport, little traffic and no congestion.

Tropical weather – Australia's only tropical capital city, Darwin's weather is similar to its Asian neighbours.

- **Nature** – Surrounded by world-class national parks and tropical parklands including Kakadu and Litchfield, you will have the chance to experience stunning Australian wildlife and outback adventures.
- **Indigenous culture** – Darwin and the NT are home to the most ancient living culture on Earth. 30% of the Territory's population is made up of Indigenous people, and there are numerous opportunities to take part in, and celebrate local Indigenous culture.

Our study locations

CDU has approximately 20,000 students, with over 2,000 international students from 60 different countries. This sets the scene for a truly inclusive multicultural environment for study and career development. Our main campus is located in the suburb of Casuarina in Darwin with study locations also in Palmerston, the Darwin Waterfront, Alice Springs and Sydney.

Our vibrant city of Darwin

Image: Shaana McNaught/Tourism NT

Casuarina, Northern Territory

The Casuarina campus is our main campus, just a 15-minute drive from the Darwin central business district.

Set among 56 hectares of lush tropical gardens, the campus comprises state-of-the-art facilities including specialised science, engineering, health and medical laboratories, library, and on-campus student accommodation.

Casuarina campus is close to the beach as well as Darwin's largest shopping precinct, Casuarina Square. It is serviced by regular, affordable public transport and is connected to the suburbs and city centre by extensive bicycle tracks.

Nature - Surrounded by world-class national parks, thousands of species of flora, native wildlife and birds.

Adventure - Walk, swim, sail or fly to experience the region's dramatic landscapes - this is the great outdoors.

History - The Northern Territory tells a unique story of ancient art and culture, wartime heroics and pioneering resilience.

You will enjoy:

- cafés and dining venues
- student lounges
- state-of-the-art library
- IT service kiosk
- sports facilities and undercover basketball courts
- art gallery
- book shop
- ATM services
- post office
- transport services, including an on-campus bus stop and bike racks
- prayer room
- onsite student accommodation
- bike lock up and shower area
- Confucius Institute
- Chinese Gardens
- Indonesian Gardens

Darwin Waterfront, Northern Territory

Right in the heart of Darwin's exciting Waterfront precinct, and a five-minute walk from the Darwin city centre, our Waterfront campus offers the latest, state-of-the-art facilities. It is situated near to the Darwin Convention Centre, cafes, restaurants, shops and the Waterfront wave pool and lagoon, where you can swim all year round. The campus is home to Asia Pacific College of Business & Law and the CDU International College and enjoys easy access to business, industry and government located in Darwin's city centre.

You will enjoy:

- cafés and dining venues in close walking proximity
- student lounges
- library access services
- transport services, including a bus stop at the front of the campus
- prayer room
- student support including equity, learning, and career services

Palmerston Campus, Northern Territory

Our Palmerston campus is located 20 minutes from Darwin's city centre and within easy walking distance of Palmerston city centre. The campus has modern facilities, including a large training kitchen, bakery and bar, and a commercial training restaurant.

You will enjoy:

- a library
- transport services, including a bus stop and bike racks at the campus

Alice Springs Campus, Northern Territory

Our Alice Springs campus is the major commercial cookery and hospitality hub for students in Alice Springs.

You will enjoy:

- on-campus student accommodation
- a café
- student lounges
- a library

Study at CDU Sydney

At CDU you can choose to study and live in one of the world's most liveable and exciting cities - Sydney. World renowned for its fabulous harbour, the Sydney Opera House, beaches and friendly locals, Sydney is a city bursting with life.

Sydney, New South Wales

Sydney is ranked the fifth safest city in the world* and our Sydney campus is right in the heart of the central business district. This Haymarket location gives you the opportunity to be part of the day-to-day business world in a major capital city while you are studying.

Our Sydney campus specialises in nursing and midwifery courses for international students, offering programs at postgraduate levels. By studying in Sydney, you will have contact with a diverse student body to enrich your learning environment. You will be taught by leading scholars who have worked in businesses and universities across Australia, the Asia-Pacific and beyond, in small class sizes for an enhanced learning experience.

CDU Sydney Facilities

- 13 state-of-the-art classrooms with collaborative equipment
- library
- prayer room
- student kitchenette
- student computer and study areas
- student lounge

CDU Student Support

CDU Sydney offers a range of services to help you gain the most from your studies.

- counselling
- access and inclusion
- study support
- library support

* Safe Cities Index, 2019

Why study Nursing or Midwifery at CDU Sydney

Do you have a passion for helping others? Study a nationally recognised Nursing or Midwifery degree with CDU. With a professional qualification in Nursing or Midwifery you could be delivering health care in local or remote communities and hospitals, assisting with global humanitarian relief, or providing evidence-based health care for women and babies.

We emphasise collaboration with the Health and Higher Education sectors, nationally and internationally, and work closely with our primary health network partners to maximise placement opportunities for students and employment pathways for graduates.

You will receive all the support in the world

As a CDU student, you will have access to a wide range of free services, including accommodation assistance, careers advice, study support and counselling. Dedicated staff can also give you a helping hand to develop your study plan and can support you to stay on track with your studies.

International student support

CDU's International Student Support team provides dedicated advice and support on a range of matters related to your study. www.cdu.edu.au/study/student-life/student-support/current-international-students

Academic and English language support

Studying in Australia will be different to studying at home. You will be attending a new university with new lecturers and new learning styles and assessment types. You may even be studying in a different language. As an international student, you can access free online tutoring, workshops and individual consultations for assistance with English language for university, understanding requirements of academic assignments, academic writing, critical thinking, referencing, research and reading.

Set yourself up for success by attending our workshops and taking advantage of all the free Academic Language and Learning Success Program (ALLSP) services to help you be successful in your studies. For access to the ALLSP services, go to www.cdu.edu.au/academic-language-learning/allsp.

24/7 Online tutoring

Online tutoring is available to students through their Learnline account for both subject-specific and literacy assistance. Get access to a free online tutor 24 hours 7 days a week in more than 40 subjects including Math, Science, Social Studies, Business, and English - no appointment required. Simply enter your topic, subject and question, and the online platform will find someone to help you. To access the tool look for the Online Tutoring option under the Help and Support tab in Learnline.

Individual consultations and workshops

CDU runs a series of workshops that cover academic skills and specific academic topics, which is handy when you need study support relating to a specific subject or assignment. In addition, on offer are 50-minute consultations for a specific study-related issue or quick drop-in sessions that you do not need to book in advance.

Peer Assisted Study Sessions

Peer Assisted Study Sessions (PASS) are designed to help students understand and apply key concepts in their study units and improve their grades. These study sessions are conducted by PASS leaders, who are current CDU students who have successfully completed the targeted unit and have been trained to run group study sessions.

Participating in the PASS program can help you build your understanding of course content and independent study skills in a fun and supportive learning environment. For more information go to: www.cdu.edu.au/academic-language-learning/allsp/pass

English language development

Students from non-English speaking backgrounds can access professional support to build skills and confidence to communicate in social settings and in the workplace through the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) program, through which you can source support as you prepare for the numeracy and literacy test for education students.

We also offer Occupational English Test (OET) preparation support to assist students who are preparing for the English language test for health care professionals.

Free airport pick-up

CDU offers free pick up from Darwin International Airport for new international students during peak arrival periods (February and July).

Orientation

Students joining CDU at the Casuarina, Palmerston, Waterfront, and Sydney campuses will be able to join the fun and discovery of Orientation, where you will receive information relevant to life in your new city and an introduction to CDU, including:

- Meet and greet with CDU staff and your fellow students
- Enrolment advice
- Overview of your student visa rules and regulations
- Information about student support services
- Campus tours
- Lots of fun activities to get to know your new university and fellow students

Careers and employment support

The Careers and Employment team is available to help you identify potential career interests, provide information on career planning, and to prepare you for searching for a job and submitting an effective application. For more information, go to www.cdu.edu.au/equity-services/careers-employment

Access and inclusion

We are committed to providing you with an accessible, supportive, safe, inclusive and respectful learning environment. For more information, go to www.cdu.edu.au/equity-services/access-inclusion

Student counselling

CDU provides professional, confidential and free counselling services to students to assist in adjusting to life in a new environment and the transition to university study. For more information, go to www.cdu.edu.au/equity-services/counselling

CDU Library

CDU Library has a specialist team of librarians able to help with research and referencing in your area of study. The library has expert support for researchers and provides an inter-library loan service, which means if the resource is not available at the CDU Library, they will be able to source it for you outside of CDU's collection. Use the spaces to study with your friends or on your own, and make use of the computers, printers and online materials. For more information go to: www.cdu.edu.au/library

Health and wellbeing

Overseas Student Health Cover (OSHC) is a compulsory requirement for all international students studying in Australia on a student visa. CDU's preferred OSHC provider is Allianz Global Assistance (AGA), as they provide additional benefits to OSHC policy holders who purchase their policy through the University. These benefits include no waiting periods for mental health conditions or pregnancy cover, safety and security services powered by Sonder, and access to AGA on campus staff member to assist with healthcare information. For more information please see allianzassistancehealth.com.au/en/student-visa-oshc

Improving the wellbeing of international students in the Northern Territory is a priority for CDU, which is why we offer access to free and discounted wellbeing programs. For more information, go to www.cdu.edu.au/wellness-centre

Respect.Now.Always

CDU is committed to providing a safe, inclusive and respectful learning, working and living environment for all students, staff and visitors. We take a zero-tolerance approach and encourage members of our CDU community to report and seek support when these behaviours occur. For more information, go to www.cdu.edu.au/current-students/respect-now-always and www.cdu.edu.au/emergency/contact-us

International student scholarships

A CDU scholarship provides you with incredible opportunities and support to reach your full potential.

CDU offers a range of scholarships to international students who have demonstrated outstanding academic achievement, making their dreams to study in Australia come true. Many of our scholarship recipients have gone on to make a positive impact around the world as well as in their local communities. If you have a record of academic excellence and high achievement you may be eligible for one of these life-changing scholarships.

Vice-Chancellor's International High Achiever Scholarship

CDU offers a limited number of scholarships for international students who have a record of academic excellence and high achievement. The scholarship applies to an undergraduate or postgraduate coursework degree, covering up to 50% of the tuition fee for the full duration of the course**.

CDU Global Excellence Scholarship

The scholarship applies to an undergraduate or postgraduate coursework degree covering 50% of the tuition fee for the first year of study and 10% in subsequent years**.

CDU Global Leader Scholarship

The scholarship applies to an undergraduate or postgraduate coursework degree covering 25% of the tuition fee for the first year of study and 10% in subsequent years**.

“The scholarship assisted me in my finances and actually motivates me to do better in my academics since I am required to attain a certain grade to continue my eligibility for the scholarship.”

Elinor Lois Taqueban (Philippines), Master of Public Policy

CDU Global Achiever Scholarship

CDU Global offers a number of scholarships for international students who have demonstrated academic merit*.

The scholarship applies to an undergraduate or postgraduate coursework degree and covers 15% of the tuition fee for the first year of study.

*Please note: Students cannot apply for this scholarship. CDU awards it to students based on their application to study at CDU.

** Ongoing scholarship requirements must be met in order to continue receiving the scholarship in subsequent years.

Learn more about CDU scholarships.

Live on or off campus

At CDU you have a range of accommodation choices to suit your budget and lifestyle. You may like to live on campus within the grounds of our Casuarina campus at International House Darwin (IHD) so you can really take advantage of all the facilities and activities on offer. IHD is just a short walk to the library and all the other campus amenities and just a short bus ride to Casuarina Square shopping centre.

On-campus accommodation

Living on campus will give you the chance to meet new people from across Australia and all over the world and to get involved in campus life while having campus facilities at your fingertips.

Darwin

Located on the Casuarina campus, IHD is set within tropical gardens and Australian bush. Its community is vibrant, relaxed and caring and thrives amidst the Territory's outdoor lifestyle.

All CDU students are welcome, and long and short-term accommodation is available. Around 40 nationalities make up the IHD community, and everyone is encouraged to connect. Embracing opportunities ensures a broad and rich educational, social and cross-cultural experience.

All IHD buildings have their own conveniently located kitchens, bathrooms and laundries. Room contract rates include electricity, water and Wi-Fi. Common multipurpose spaces available for residents' enjoyment include the BBQ area, multimedia room, music room, games room, and swimming pool.

Alice Springs

Alice Springs student accommodation provides accommodation for CDU students, students from other universities undertaking placements, CDU staff, and visiting guests and groups.

You can choose from twin share and sole occupancy rooms across two houses and take advantage of communal kitchen areas, a self-service laundry, and access to WiFi via the CDU/Eduroam network.

Learn more about CDU's on campus and off campus accommodation service.

Off-campus accommodation

Off-campus accommodation options include purpose-built student accommodation at UniLodge, private rental accommodation and homestay.

Accommodation in Sydney

While there is no on-campus accommodation at CDU Sydney, you can choose to live with other students through private providers of student accommodation.

For students who want to live close to the CDU Sydney campus with other students check out:

→ **Iglu:** iglu.com.au

Their Broadway location is a 15-minute walk to our Sydney CBD campus, while their Chatswood accommodation is just a 30-minute train journey away

→ **Uni Lodge:**

www.unilodge.com.au/unilodge-on-broadway-sydney

With literally got hundreds of shops, restaurants, cafes and a cinema within walking distance, you'll find it's impossible to ever be bored living at UniLodge on Broadway or Wattle Lane.

Homestay:

Homestay is a company which connects students with a local family or resident host in a private home. Homestays are an affordable way for international students to improve their English and experience Australian culture and lifestyle up close.

→ **Australian Homestay Network:**

www.homestaynetwork.org

Learn more about off-campus Sydney accommodation.

“I’ve been able to socialise because of International House Darwin (IHD) events and IHD staff. Other students are all very friendly and welcoming. It really does feel like home. “

Srijana Ghimire (Nepal), Masters in Engineering

Accommodation support

CDU’s off-campus accommodation service is designed to assist students to find appropriate accommodation while studying at CDU. This free and confidential service provides information and advice on housing options, tenancy advice, and support and assistance with accommodation issues: www.cdu.edu.au/equity-services

Options include:

- realestate.com.au
- domain.com.au
- cdu.studystays.com.au
- unilodge.com.au

How much does it cost to live in Australia?

The cost of living in Australia varies from city to city, and students should not expect to fund their studies or living costs in Australia through part-time employment only.

The Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. From 23 October 2019, the 12-month living cost (per person) was listed as:

- **Individual student** - \$21,041
- **Partner or spouse** - \$7,362
- **Child** - \$3,152

However, costs will vary from person to person depending on where you live and your lifestyle choices.

The below table provides an indication of estimated living expenses in Darwin and Sydney (note: figures included are an approximate guide only).

	DARWIN	SYDNEY
Groceries and eating out	\$80 to \$280 per week	\$80 to \$280 per week
Gas, electricity	\$35 to \$140 per week	\$35 to \$140 per week
Phone and Internet	\$20 to \$55 per week	\$20 to \$55 per week
Public transport	\$7 per week	\$30 to \$55 per week
Car (after purchase)	\$150 to \$260 per week	\$150 to \$260 per week
Entertainment	\$80 to \$150 per week	\$80 to \$150 per week
On-campus accommodation	Standard room at IHD is \$175 per week through to a large room with ensuite for \$227.50 per week.	Not applicable
Off-campus accommodation	\$150 - \$350 per week in a shared rental. \$360 - \$650 per week in a private rental*.	\$250 - \$400 per week in a shared rental. \$500 - \$1200 in a private rental*.

*The 'Insider Guides Cost of Living Calculator' is also a useful tool to help estimate your cost of living in Australia www.insiderguides.com.au/cost-of-living-calculator

During your studies, you will need to purchase textbooks and other items required to study. Textbooks can vary from \$200 - \$500 per semester depending on the course you are taking. You will have the opportunity to complete a local or interstate placement. Interstate placements will incur additional costs for travel and accommodation. Other expenses might include: stationary, printing, purchasing a laptop or computer, protective clothing, work materials, travel and accommodation for placement, working with children clearances and computing programs. These will depend on your course.

The Australian Government provides information and guidance on managing your finances. You can read more at www.moneysmart.gov.au.

Insider Guides Cost of Living Calculator.

Student life

There is something for everyone at CDU, and student life can be whatever you make it. You can feel confident in knowing whatever your journey or interests may be, you can find camaraderie, support and friendship through the many social, cultural and personal development programs on offer through the University and within the wider community.

Get involved

Connecting with other students can provide friendship and support, as well as a way of managing the stress of completing assignments and exams.

Students located in the Darwin region can make life-long social and professional connections through some of CDU's associations, clubs and societies, or the student ambassador program.

- [CDU Student Ambassador Program](#)
- [CDU Students Association](#)
- [Clubs and societies](#)

Build relationships

Take the time to build relationships with staff and other students; having good relationships with your lecturers is one of the best ways to get the most of your university experience.

Read our top tips for building a great working relationship with your lecturers.

Making friends at university will not only create enjoyable shared experiences, but these members of your support network can also help improve your academic performance. Your friends are your study buddies who keep you accountable and on track with your studies. Try finding someone in one of your classes to work on an assignment with and turn it into a regular study group.

Get some pointers about breaking the ice and meeting new people at university.

Volunteering

Volunteering is a great way to use your skills, give back to your community, and meet new people. There are many opportunities to volunteer your time, either through a student association or in the greater community. For information on how to volunteer with a CDU student association, go to cdusa.cdu.edu.au/clubs. More information on volunteering options in the wider Darwin community can be found at www.volunteering.sa.org.au.

Exchange and short-term programs

Participating in an overseas program is one of the best experiences you can have at university. You can spend as little as one week, or as long as one year in destinations around the world. We offer a Semester or year-long exchange program, as well as short-term options including global internships, volunteering, service learning, academic-led study tours, clinical placements and research practicums.

Academic and English entry requirements

As part of the application process, you must meet the minimum academic and English language entry requirements. The CDU Global team, are here to help, so if you have any questions please email international@cdu.edu.au. If you do not meet the entry requirements listed here, we have alternative pathways into universities that may be right for you (see page 28 for more information).

Academic requirements

VET	<p>For Certificate-level programs you will need a qualification equivalent to an Australian Year 10 high school certificate.</p> <p>For Diploma and Advanced Diploma programs you will need a qualification equivalent to an Australian Year 12 high school certificate.</p>
Undergraduate	<p>The minimum academic entry requirements for admission to an undergraduate degree is the completion of a qualification deemed equivalent to an Australian Year 12 high school certificate by the University's qualification assessment references. Applicants may also be required to satisfy specific course requirements such as a minimum overall grade score or prerequisite knowledge.</p> <p>Some programs have higher entry requirements and specific prerequisites. See the following pages for details. For a full list of common equivalencies, by country, please visit www.cdu.edu.au/international/how-apply/entry-requirements</p>
Postgraduate Coursework	<p>The minimum academic requirements for admission to a postgraduate or graduate entry degree is the completion of a Bachelor's degree which is deemed equivalent to an Australian Bachelor's degree.</p> <p>Applicants may also be required to satisfy specific course requirements such as a minimum overall grade score, prerequisite knowledge or work experience.</p>
Higher Degree by Research	<p>Master by Research (MRes)</p> <p>To be eligible for entry to an MRes you should have completed either:</p> <ol style="list-style-type: none"> 1. a Bachelor Honours degree with first- or second-class honours; or 2. a Master by coursework or Extended Master which contains a substantial research component.
	<p>Doctor of Philosophy (PhD)</p> <p>To be eligible for entry to a PhD you should have completed either:</p> <ol style="list-style-type: none"> 1. a Bachelor Honours degree with first-class honours or second-class honours division A, or 2. a Master's qualification that contains a substantial research component.

English language requirements

We accept the following English tests for entry into VET, undergraduate and postgraduate courses:

- IELTS Academic
- Cambridge Advanced English (CAE)
- Navitas Academic English
- Pearson Test of English (PTE) Academic module
- TOEFL Internet based Test (iBT)
- Common European Framework Certificate of English Proficiency

Students who have studied in English or studied English language in their previous studies may meet the English language entry requirements if they have achieved the grades and qualification required.

It is important to note that some courses may require higher levels of English or only accept specific English language tests. All tests are valid for two years from the date of the test to the date of commencement at CDU, unless otherwise specified.

Visit www.cdu.edu.au/international/how-apply/entry-requirements for more information about the academic and English requirements for your degree.

Pathways to study with CDU

No matter what level of study you have completed, our study pathways can help you achieve your study goals.

CDU Vocational Education and Training (VET) pathways

As one of the only Australian universities with dual-sector status, CDU can offer both university VET and HE courses. We believe every learner should be provided with alternative pathways to access education and to acquire globally applicable skills and experience.

Students can qualify for entry into a CDU Bachelor's degree by completing a CDU VET qualification. CDU offers many pathways and options for your career.

For more information about CDU's VET offerings, go to www.cdu.edu.au/study/vocational-education-training

Advanced standing

Advanced standing (also referred to as an exemption) is a credit applied to your current course of study based on prior achievement and can either be a credit transfer or recognition of prior learning (RPL).

To apply for advanced standing, you must complete an application to study with CDU and submit some additional documents.

For more details about advanced standing, visit www.cdu.edu.au/student-central/advanced-standing

“Hands-on practical lessons, experienced instructors, and all the resources that CDU provides will absolutely bring your skills and knowledge up to scratch – you won't believe how much you'll learn during the process.”

- Pattarawadee (Pat) Chatleelawat (Thailand), Commercial Cookery

Learn more about
Pat's story online.

Charles Darwin University International College

At CDU, we are offering three pathways within our International College, specifically designed programs to ensure you get the most out of your studies. We want to help you meet your goals and prepare yourself for the real world.

International Foundation Studies Program

Foundation studies provides international students with a great start to university life. With smaller class sizes and close academic and pastoral care support, after successfully completing a foundation program, students are well prepared and confident in both their academic and English ability.

The program is a bridging course for international students who wish to study a university undergraduate degree but don't yet meet the academic requirements or have the English language proficiency required for tertiary study.

The Foundation Studies Program is a direct academic pathway to a first-year undergraduate degree. You can find a list of the degrees this course leads into on our website.

CRICOS course code: 0101533

Fee: \$20,800

First-year Diploma Programs

Our first-year diploma programs are two-semester courses that function as an alternative first year of an undergraduate degree at CDU. The programs are for students who are close to meeting academic and English entry requirements but require additional support in their first year of study. These programs immerse students in an environment with other international students also striving to improve their English.

Successful completion of a Diploma Program allows for direct entry into the second year of an undergraduate degree in Business, Accounting or IT.

CRICOS course codes:

- Business Studies: 0100739 (NT)
Fee: \$25,500
- Information Technology: 0100740 (NT)
Fee: \$28,000

Pre-master Programs

Pre-master programs develop advanced knowledge and skills in academic writing, research, critical thinking and intercultural communication to successfully undertake postgraduate study at CDU.

- **International Masters Preparation Program (MPP).**
The MPP is for students with a Bachelor's degree from their home country who find their English language level a barrier to postgraduate study in an English-speaking country. The MPP allows these students to transition smoothly into a highly regarded English-language Master's program in one semester.

CRICOS course code: 0100442

Fee: \$4,500

- **International Masters Qualifying Program (MQP)**

The MQP is for students who have already completed three years of post-secondary study in their home country but find their English language level is a barrier to postgraduate study in an English-speaking country. These students can now transition smoothly into a highly regarded English-language Master's program in just one or two semesters.

CRICOS course codes:

- Accelerated - one semester: 0100444
Fee: \$12,990
- Standard - two semesters: 0100443
Fee: \$25,800

Course information

Accounting	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Accounting	060230M	March & July	Waterfront Darwin	3 years	\$26,776	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
-------------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Build strong professional skills with a Bachelor of Accounting; a course that prepares you with the knowledge and capability to become an accountant or work in a range of roles that rely on accounting knowledge.

Develop your communication, presentation and problem-solving skills and learn about financial accounting, management accounting, auditing, taxation, business law, corporate law, and finance.

Choose to study business units to complement your personal interests and career options, or choose electives from other areas, including language studies, anthropology, history, social science, Indigenous studies, applied science and engineering.

Career opportunities

Financial accountant, management accountant, financial auditor, tax auditor/preparer, financial/business analyst or business management in a large multinational company, accounting firm, or your own small business.

Professional recognition

As a graduate of the Bachelor of Accounting, you'll be eligible to apply for membership of CPA Australia, The Chartered Accountants Australia and New Zealand (CAANZ), and The Chartered Institute of Management Accountants in the U.K.

<https://www.cdu.edu.au/study/bachelor-accounting-wacc01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Accounting/Diploma of Laws	0101381	March & July	Waterfront Darwin	3 years	\$26,872	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

The Bachelor of Accounting/Diploma of Laws is a unique course that prepares you to qualify as an accountant and teaches you about the legal issues affecting accounting practices.

Career opportunities

Completing a Bachelor of Accounting/Diploma of Laws dual qualification can lead to a wide range of career opportunities in small, medium and large organisations. An accountant with knowledge of the law is better equipped to handle legal issues relating to money. As a dual qualification graduate, you may become a financial accountant, management accountant, financial auditor, tax auditor/preparer, business financial analyst, or work in a large multinational company or 'Big Four' accounting firm. Or, you could run your own businesses, work in a small local accounting firm, or work in other areas of business management. There can be other career opportunities due to the combination of knowledge of accounting and law putting you in a unique advantage which a single qualification otherwise cannot offer.

Professional recognition

On graduating, you will be eligible to apply for membership of CPA Australia, The Chartered Accountants Australia and New Zealand (CAANZ), and The Chartered Institute of Management Accountants in the U.K.

<https://www.cdu.edu.au/study/bachelor-accountingdiploma-laws-laccl1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Professional Accounting	085265E	March	Waterfront Darwin	1.5 years	\$32,760	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	-------	-------------------	-----------	----------	---

Course Description

Develop skills required to work as a certified practising accountant or chartered accountant, and develop your knowledge in management, accountability and control, and effective decision-making for financial success.

Learn the technical and conceptual skills required to become a competent accountant as well as abilities to analyse, criticise and synthesise various accounting and related principles, methods and techniques.

Key study areas include financial accounting, management accounting, accounting theory, information system/technology, auditing, taxation, finance, company law, and corporate law.

Career opportunities

Financial accountant, management accountant, financial auditor, tax auditor/preparer, financial/business analyst or business management in a large multinational company, accounting firm, or your own small business.

Professional recognition

This is a conversion course that enables graduates with non-accounting or partial accounting backgrounds to meet the entry requirements for membership of CPA Australia, The Chartered Accountants of Australia and New Zealand (CAANZ) and The Chartered Institute of Management Accountants in the UK.

<https://www.cdu.edu.au/study/master-professional-accounting-spacc1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor's degree in any discipline. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Diploma of Arts

101374

March & July

Casuarina, Darwin

1 year

\$25,328

A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)

Course Description

The Diploma of Arts program offers students a pathway into diverse specialist and interdisciplinary thematic areas including communications, text and digital media; society and culture; digital and global humanities; Indigenous governance and policy; contemporary Indigenous Australian languages and linguistics; digital and creative arts; music, production and performance; and architectural design. As a student, your journey through this program will also develop core communication, critical and creative thinking skills to prepare you to participate in a multi-disciplinary and global workforce.

The Diploma of Arts is ideal for anyone who wants a taste of studying arts and would like to gain a qualification but may not be ready to commit to a full bachelor's degree.

Career opportunities

Graduating from this course may lead to career opportunities in areas such as land councils, museums, research, training, diplomacy, advisor, communications, media, or consultancy particularly where these organisations engage with central and northern Australia and Asia.

<https://www.cdu.edu.au/study/diploma-arts-yarts1-2020>

-------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Arts	0101026	March & July	Casuarina, Darwin	3 years	\$25,328	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
-------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

The Bachelor of Arts is a highly flexible, new-age degree featuring a choice of nine majors, each offering a unique perspective on the world around you and your role in it. You will learn how to improve your decision making, generate new ideas, and think critically and creatively.

At a time when some jobs are disappearing, others are evolving, and new jobs are emerging, these are the transferable skills that will future-proof your career.

CDU's Bachelor of Arts develops both the breadth and depth of your knowledge. It gives you the freedom to focus on your area of interest, while also studying other subjects from a wide range of fields.

At CDU, you will benefit from a unique focus on Indigenous leadership and the issues and opportunities facing Northern Australia and South-East Asia.

Choose from nine majors:

- Communications, Literature and Digital Media
- Society and Culture
- Global Humanities in a Digital Age
- Indigenous Governance and Policy
- Contemporary Indigenous Australia
- Languages and Linguistics
- Creative and Digital Arts
- Music Making, Production and Performance
- Architectural Design

<https://www.cdu.edu.au/study/bachelor-arts-warts2-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.

Bachelor of Arts Honours	101373	March & July	Casuarina, Darwin	1 year	\$25,328	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---------------------------------	--------	--------------	-------------------	--------	----------	---

Course Description

The Bachelor of Arts (Honours) is a one-year course for high-achieving Bachelor of Arts' graduates. It is an opportunity to produce a research project that deeply explores an area of your interest and boost your CV.

During the course, you'll work closely with your research supervisor to develop a high-quality thesis or piece of coursework. At CDU, you'll have the one-on-one support and flexibility to design a bespoke research project that aligns with and develops your talents and interests.

Career opportunities

Graduating from this course may lead to career opportunities in areas such as land councils, museums, research, training, diplomacy, advisor, communications, media, or consultancy particularly where these organisations engage with central and northern Australia and Asia.

<https://www.cdu.edu.au/study/bachelor-arts-honours-varth1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent in an arts-related discipline or field with at least a credit average (GPA of 5.00).
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Arts	101689	March & July	Casuarina, Darwin	2 years	\$32,008	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
-----------------------	--------	--------------	-------------------	---------	----------	---

Course Description

The Master of Arts (Coursework) is a flexible, postgraduate degree that allows you to undertake a bespoke research project on a topic of your choice. It will equip you with deep knowledge to bolster your CV, demonstrate your expertise and prepare you for a PhD should you wish to continue your studies.

At CDU, you can choose a research topic that aligns with one of four focus areas, three of which explore unique perspectives on Indigenous Australia.

You'll benefit from access to an expert, dedicated research supervisor, who will support you to think critically and creatively. You'll be guided to shape a research thesis or piece of coursework that is unique, carefully considered and robust in its findings.

In a world where opinions are rife, but facts and considered thought may not be, your ability to critically evaluate ideas, concepts and information will set you apart.

Bachelor of Education in Early Childhood Teaching (Birth-12 Years)

0101027

March & July

Casuarina,
Darwin

4 years

\$26,712

A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)*

Course Description

Build the capabilities required of an early childhood teacher and/or a primary school teacher as you explore issues, concepts and practices that are common and specific to both early childhood education (including before school settings) and primary school education.

Career opportunities

Teach in a prior-to-school setting, become a primary school teacher, or work in associated educational areas, including curriculum development, educational planning, educational research and policy development.

Professional recognition

This course has been accredited through the Teacher Registration Board of the Northern Territory consistent with the standards established by the Australian Institute for Teaching and School Leadership for the Accreditation of Initial Teacher Education Programs in Australia.

This program is currently being re-accredited with the Australian Children's Education and Care Quality Authority (ACECQA).

Once approved, graduates of the course will be eligible to apply for registration to teach in schools across all Australian State and Territory jurisdictions (subject to meeting other eligibility criteria, such as National Literacy and Numeracy test for Initial Teacher Education as per Teacher Registration Requirement, English proficiency and suitability to teach). Graduates will be recognised as primary school and also as early childhood teachers under the Australian Children's Education and Care Quality Authority requirements.

<https://www.cdu.edu.au/study/bachelor-education-early-childhood-teaching-birth-12-years-wedec1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>
- *Effective from Semester 1 2021 and future intakes, College of Education undergraduate courses require a minimum overall score of 6.5 with no band less than 6.5.

Bachelor of Education Primary

0077777C

March & July

Casuarina,
Darwin

4 years

\$26,712

A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)*

Course Description

Gain the skills and knowledge required to teach Transition to Year 6/7.

As a primary school teacher, you will be vital to a student's learning process. You will guide and develop your students' skills through the various key learning systems of education during their early years at school.

When you graduate, your levels of personal literacy and numeracy will be broadly equivalent to the top 30% of the population.

Career opportunities

Teach in primary schools or work in associated educational areas, including curriculum development, educational planning, educational research and policy development.

Professional recognition

The Bachelor of Education Primary has been accredited through the Teacher Registration Board of the Northern Territory. It is consistent with the standards established by the Australian Institute for Teaching and School Leadership for the Accreditation of Initial Teacher Education Programs in Australia.

Master of Digital Learning Futures	093308K	March & July	Casuarina, Darwin	2 years	\$28,104	A minimum overall score of IELTS 6.5 with no band less than 6.0. (or equivalent)
<p>Course Description</p> <p>This innovative, industry-relevant and interdisciplinary program investigates the dynamics of the digital era and aims to prepare you for the next wave of global transformation. Investigate what innovative digital capabilities lie on the horizon, the skills required to engage and be effective teachers and learners in the digital paradigm.</p> <p>The course is suited to those working or aiming to work in educational settings, creative industries, software development, learning design, e-learning and related fields. Based on a solid foundation of core units, you'll have opportunities for research and internships, as well as the flexibility to choose from electives in new media production skills, web development, programming and systems management.</p> <p>Career opportunities</p> <p>Teaching, teaching centre technology officer, instructional designer, education software developer, learning and development specialist or e-learning specialist.</p> <p>https://www.cdu.edu.au/study/master-digital-learning-futures-sdlf01-2020</p>						
<p>Academic Entry Requirements</p> <ul style="list-style-type: none"> • Successful completion of a recognised bachelor's degree or higher. The most common equivalencies accepted by CDU are listed: https://www.cdu.edu.au/international/how-apply/entry-requirements 						

Education	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
-----------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Master of Education (Global Learning)	096356M	March & July	Casuarina, Darwin	1 year	\$28,104	A minimum overall score of IELTS 6.5 with no band less than 6.0. (or equivalent)
--	---------	--------------	-------------------	--------	----------	--

Course Description

This course aims to meet the professional development needs of education policymakers, practitioners, school teachers and principals and researchers working across Australia and in the Asia Pacific in the globalised learning space.

Customise this course to meet personal, organisational, workplace and community interests and base your research on key areas including international education, education policy, higher education, vocational education, literacy and language, English language teaching in Asia, educational leadership and management, Indigenous education, digital learning futures, education for all, technical and vocational education and training, and adult education.

Strengthen your analytical thinking, collaborative learning, project management, and transformative practice skills in local and global settings and apply practical learnings during your studies in order to build on your work experience.

Career opportunities

Education policymaker, practitioner, school teacher and principal, and researcher.

<https://www.cdu.edu.au/study/master-education-global-learning-sedi01-2020>

Academic Entry Requirements

Successful completion of one of the following:

- a recognised four-year degree in a field related to education
- a recognised three-year degree plus a graduate certificate, graduate diploma or honours degree of which at least one must be in a field related to education
- a qualification or qualifications and professional experience deemed equivalent to the above.
- The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Teaching	097217C	March & July	Casuarina, Darwin	2 years	\$28,104	A minimum overall score of IELTS 6.5 with no band less than 6.0. (or equivalent)*
---------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

If you already hold a Bachelor's degree in a field other than education, the Master of Teaching can help you to become a teacher in two years, and allow you to choose the stream that suits your career goals and interests and prepare yourself new and changing roles as an educator. You will develop continuing awareness of the environmental and cultural influences on teaching and learning. You'll also explore the needs of learners and communities with diverse linguistic and cultural orientations, including Indigenous learners.

Majors

- early childhood and primary
- primary
- secondary

Career opportunities

Teach in early childhood, primary or secondary school settings or work in associated educational areas including: curriculum development, educational planning, educational research, and policy development.

Professional recognition

The Master of Teaching has been accredited through the Teacher Registration Board of the Northern Territory. It is consistent with the standards established by the Australian Institute for Teaching and School Leadership for the Accreditation of Initial Teacher Education Programs in Australia.

The Early Childhood and Primary Teaching stream in this program is approved with the Australian Children's Education and Care Quality Authority (ACECQA).

Graduates of the course will be eligible to apply for teacher registration across all Australian State and Territory jurisdictions (subject to meeting other eligibility criteria such as the National Literacy and Numeracy test for Initial Teacher Education aligned with Teacher Registration Requirement, English proficiency and suitability to teach).

Before applying for admission, students intending to seek employment should have the relevant State/Territory employment authority (eg State or Territory Department of Education, or Catholic Education Office) confirm their eligibility and suitability for employment.

<https://www.cdu.edu.au/study/master-teaching-stch01-2020>

Academic Entry Requirements

- Successful completion of previous studies in the relevant field. Refer to the website for more details.
- Additional Requirements: applicants must complete the Teaching Capabilities Statement used to demonstrate suitability for study and work in the teaching profession.
- *Effective from Semester 1 2021 and future intakes, College of Education postgraduate courses require a minimum overall score of 7.0 with no band less than 7.0.

Engineering, Information Technology & Network Engineering	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---	--------	--------	--------	-----------------	-----------------------------	----------------------------

Associate Degree of Engineering	080419K	March & July	Casuarina, Darwin	2 years	\$33,480	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Build your understanding of fundamental engineering concepts, followed by the application of civil and structural, electrical and electronics, or mechanical engineering theory and practice.
Develop your skills in solving common engineering problems, and prepare yourself for further study in the Bachelor of Engineering Science and Bachelor of Engineering Honours.

Career opportunities

Graduating from the civil and structural specialisation of this course may lead to paraprofessional engineering opportunities in areas such as design, construction, water supply and treatment, infrastructure development, roads and traffic, and project management.

Graduating from the electrical and electronics specialisation of this course may lead to paraprofessional engineering career opportunities in areas such as electronics, renewable energy, power generation, storage and distribution, process control, mining, oil and gas, consultation, and project management.

Graduating from the mechanical specialisation may lead to paraprofessional engineering career opportunities in areas such as design, manufacturing and fabrication, mining, oil and gas, consultation, and project management.

<https://www.cdu.edu.au/study/associate-degree-engineering-xeng01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Associate Degree of Information and Communication Technology	089400D	March & July	Casuarina, Darwin	2 years	\$29,616	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

Complete a qualification that will prepare you to be part of a rapidly evolving field and continually develop new applications to enhance the world we live in. You will develop your knowledge of the principles and applications in the ICT field and strengthen your personal skills in areas such as problem solving, decision making, effective communication and teamwork.

This course was developed in consultation with and is supported by ICT industry leaders and directly aligns with industry requirements.

Career opportunities

Graduating from this course may lead to career opportunities as an information technology specialist in government, private companies and non-government organisations (NGOs) as an analyst, technician, web designer, developer or system administrator.

<https://www.cdu.edu.au/study/associate-degree-information-and-communication-technology-xict01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Associate Degree of Network Engineering	089401C	March & July	Casuarina, Darwin	2 years	\$29,616	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Develop the skills, knowledge and confidence required to design, operate and maintain networks that play a crucial role in the infrastructure of industry and government organisations.

Study opportunities are also provided to assist students to undertake sought-after industry modules, including Cisco and Microsoft certification.

This course was designed in consultation with and is supported by network engineering industry leaders.

Career opportunities

Graduating from this course may lead to various career opportunities including roles as a technician, helpdesk support, and network and systems administrator.

<https://www.cdu.edu.au/study/associate-degree-network-engineering-xneng1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.

Engineering, Information Technology & Network Engineering

CRICOS

Intake

Campus

Course Duration

2020 Annual Tuition Fee AUD

English entry requirements

Bachelor of Engineering Honours

085155M

March & July

Casuarina, Darwin

4 years

\$33,480

A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)

Course Description

Build an advanced conceptual understanding of the science and its application to engineering, followed by an advanced specialist knowledge of the theory and practice of civil and structural, electrical and electronics, or mechanical engineering.

Develop skills needed for the planning and execution of engineering projects or research to advance the scientific basis of the discipline, and gain hands-on, practical experience.

Career opportunities

Graduating from the civil and structural engineering major of this course may lead to professional opportunities in areas such as design, construction, water supply and treatment, infrastructure development, roads and traffic, and project management.

Graduating from the electrical and electronics engineering major of this course may lead to professional opportunities in areas such as electronics, renewable energy, power generation and distribution, manufacturing, process control, mining, oil and gas, consultation, and project management.

Graduating from the mechanical engineering major of this course may lead to career opportunities in areas such as design, machinery, manufacturing and fabrication, process control, mining, oil and gas, consultation, and project management.

Professional recognition

Graduates are eligible to apply for membership with Engineers Australia.

Assumed knowledge

Stage 2 Mathematical Methods or equivalent.

<https://www.cdu.edu.au/study/bachelor-engineering-honours-veng01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 70*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Software Engineering Honours

101376

March & July

Casuarina, Darwin

4 years

\$33,480

A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)

Course Description

The Bachelor of Software Engineering Honours will allow you to develop your understanding of the underlying principles and applications of software engineering. Additionally, you will gain professional knowledge and skills that will allow you to stand out from the crowd in the digital world.

Study opportunities are also provided to assist students to undertake sought-after industry modules, including Cisco and Microsoft certification.

Career opportunities

Your broad skill set prepares you to move into both small and large organisations, consultancy, startups, government and private companies.

Professional recognition

The Bachelor of Software Engineering Honours is accredited by Australia Computer Society at the level of professional practice in ICT and therefore recognised internationally under the Seoul Accord.

Assumed knowledge

Stage 2 Mathematical Methods or equivalent.

<https://www.cdu.edu.au/study/bachelor-software-engineering-honours-vsenh1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 70*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Engineering, Information Technology & Network Engineering	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements

Bachelor of Engineering Science	077772G	March & July	Casuarina, Darwin	3 years	\$33,480	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Build the necessary scientific knowledge that underpins your engineering discipline, followed by a specialist knowledge of the theory and practice of civil and structural, electrical and electronics, and mechanical engineering. Develop the skills needed for the planning and execution of engineering projects, and gain hands-on practical experience.

You can combine this course with the two-year Master of Engineering as an accredited pathway towards becoming a professional engineer.

Career opportunities

Graduating from the civil and structural major of this course may lead to career opportunities in areas such as design, construction, water supply and treatment, infrastructure development, roads and traffic, and project management.

Graduating from the electrical and electronics engineering major of this course may lead to career opportunities in areas such as electronics, renewable energy, power generation and distribution, manufacturing, process control, mining, oil and gas, consultation, and project management.

Graduating from the mechanical engineering major of this course may lead to career opportunities in areas such as design, machinery, manufacturing and fabrication, process control, mining, oil and gas, consultation, and project management.

Professional recognition

Engineers Australia

The Bachelor of Engineering Science (Civil and Structural) is accredited by Engineers Australia at the level of engineering technologist and therefore recognised internationally under the Sydney Accord.

The Bachelor of Engineering Science (Electrical and Electronics), and Bachelor of Engineering Science (Mechanical) of this combined course are provisionally accredited by Engineers Australia at the level of engineering technologist.

Note: Engineers Australia initially gives provisional accreditation for new engineering courses. Full accreditation can only be obtained after the first students have graduated.

<https://www.cdu.edu.au/study/bachelor-engineering-science-wengs1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.

Bachelor of Engineering Science/ Master of Engineering	080421E	March & July	Casuarina, Darwin	5 years	\$34,680	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

This is an internationally accredited combined course that develops the necessary skills and knowledge in your chosen area of engineering at Bachelor level before moving into more advanced Master level study, finishing with a research thesis and design project. Areas of engineering include civil and structural, electrical and electronics, and mechanical.

Career opportunities

Graduating from the civil and structural engineering major of this course may lead to professional opportunities in areas such as design, construction, water supply and treatment, infrastructure development, roads and traffic, and project management.

Graduating from the electrical and electronics engineering major of this course may lead to professional opportunities in areas such as electronics, renewable energy, power generation and distribution, manufacturing, process control, mining, oil and gas, consultation, and project management.

Graduating from the mechanical engineering major of this course may lead to career opportunities in areas such as design, machinery, manufacturing and fabrication, process control, mining, oil and gas, consultation, and project management.

Professional recognition

Engineers Australia

The Bachelor of Engineering Science (Civil and Structural) of this combined course is accredited by Engineers Australia at the level of engineering technologist and therefore recognised internationally under the Sydney Accord.

The Bachelor of Engineering Science (Electrical and Electronics), and Bachelor of Engineering Science (Mechanical) of this combined course are provisionally accredited by Engineers Australia at the level of engineering technologist.

Note: Engineers Australia initially gives provisional accreditation for new engineering courses. Full accreditation can only be obtained after the first students have graduated.

The Master of Engineering of this combined course is accredited by Engineers Australia at the level of professional engineer and therefore recognised internationally under the Washington Accord.

Diploma of Engineering	060196G	March & July	Casuarina, Darwin	1 year	\$33,480	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
-------------------------------	---------	--------------	-------------------	--------	----------	---

Course Description

The Diploma of Engineering is ideal if you are curious about studying engineering and would like to learn more, though are unsure about committing to a full undergraduate degree.

During your engineering studies, you will explore some of the general concepts, principles and practices of engineering, develop your technical skills and build upon your maths and science knowledge.

With the diploma, you qualify for entry-level engineering roles, or you can continue onto other engineering degrees such as CDU's Associate Degree in Engineering, Bachelor of Engineering Science or Bachelor of Engineering Honours.

Career opportunities

Graduating from the Diploma of Engineering may lead to entry-level engineering roles.

<https://www.cdu.edu.au/study/diploma-engineering-yeng01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Diploma of Network Engineering	064418M	March & July	Casuarina, Darwin	1 year	\$29,616	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---------------------------------------	---------	--------------	-------------------	--------	----------	---

Course Description

Gain the skills and knowledge appropriate for entry-level network engineering roles, including designing, operating and maintaining networks that play a crucial role in the infrastructure of industry and government organisations.

Explore key areas of network engineering, including data networks and their implementation, and develop your skill set through practical experience so you can stand out from the crowd in a competitive industry.

You can also use this qualification to move into our other degree programs such as the Bachelor of Information Technology or Bachelor of Software Engineering Honours. Study opportunities are also provided to assist students to undertake sought-after industry modules, including Microsoft certification.

Career opportunities

Graduating from this course may lead to entry-level roles in network systems, helpdesk support, information technology and telecommunications.

<https://www.cdu.edu.au/study/diploma-network-engineering-yneng1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Graduate Diploma of Data Science	096277K	March & July	Casuarina, Darwin	1 year	\$29,616	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	--------	----------	---

Course Description

The Graduate Diploma in Data Science will further develop your technical and analytical skills needed to manage and gain useful insights from massive data sets.

This qualification complements the following multi-disciplinary areas:

- computer science
- information technology
- information systems
- statistics
- mathematics
- engineering or a program with substantial quantitative competencies.

Your coursework will also include a project-based assessment, giving you the freedom to focus on what you are passionate about.

Career opportunities

Graduating from this course may lead to a career as a business analyst, data scientist, data analyst, data engineer and data manager.

<https://www.cdu.edu.au/study/graduate-diploma-data-science-tdasc1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor's degree or equivalent or the Graduate Certificate of Data Science. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

-------------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

The Master of Data Science will further develop your technical and analytical skills needed to manage and interpret useful insights from massive data sets.

This qualification complements the following multi-disciplinary areas:

- computer science
- information technology
- information systems
- statistics
- mathematics
- engineering or a program with substantial quantitative competencies.

Your coursework will also include a project-based assessment allowing you to focus on what you are passionate about.

Career opportunities

Graduating from Master of Data Science may lead to career opportunities as a business analyst, data scientist, data analyst, data engineer or data manager.

<https://www.cdu.edu.au/study/master-data-science-sdasc1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Engineering	068567K	March & July	Casuarina, Darwin	2 years	\$34,680	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
------------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Build on your existing knowledge and develop a deeper and integrated understanding of the scientific and engineering principles of your engineering discipline. Build leadership and research skills for the development of engineering or research projects as you gain hands-on, practical experience.

Career opportunities

Graduating from the civil and structural engineering major of this course may lead to professional opportunities in areas such as design, construction, water supply and treatment, infrastructure development, roads and traffic, and project management.

Graduating from the electrical and electronics engineering major of this course may lead to professional opportunities in areas such as electronics, renewable energy, power generation, storage and distribution, process control, mining, oil and gas, consultation, and project management.

Graduating from the mechanical engineering major of this course may lead to career opportunities in areas such as design, machinery, manufacturing and fabrication, mining, oil and gas, consultation, and project management.

Professional recognition

Engineers Australia

The Master of Engineering is accredited by Engineers Australia at the level of professional engineer and therefore recognised internationally under the Washington Accord.

<https://www.cdu.edu.au/study/master-engineering-seng01-2020>

Academic Entry Requirements

- Successful completion of a recognised Bachelor of Engineering, Bachelor of Engineering Science, Bachelor of Engineering Technology, Bachelor of Technology or equivalent in civil and structural, electrical and electronics, mechanical engineering or an approved equivalent discipline.
- Note: applicants may only study in the stream that matches the engineering area of their undergraduate degree. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Information Technology (Cyber Security)	0101691	March & July	Casuarina, Darwin	2 years	\$29,616	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

The Master of Information Technology (Cyber Security) complements your current information systems, information technology and computer science degree while focusing on cyber security in the modern world. You will apply your knowledge in practical activities giving you the opportunity to work alongside industry leaders.

Career opportunities

ICT security specialist, network security analyst or security officer.

Professional recognition

The Master of Information Technology (Cyber Security) is accredited by Australia Computer Society at the level of professional practice in ICT (cyber security) and therefore recognised internationally under the Seoul Accord.

<https://www.cdu.edu.au/study/master-information-technology-cyber-security-sitcs1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Engineering, Information Technology & Network Engineering	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---	--------	--------	--------	-----------------	-----------------------------	----------------------------

Master of Information Technology (Software Engineering)	0101693	March & July	Casuarina, Darwin	2 years	\$29,616	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

The Master of Information Technology (Software Engineering) complements your other information technology qualifications by helping you broaden your skill set in a specialised field. Key areas you will study include project and risk management, current industry practices, processes and methodologies, and entrepreneurship. You will combine your academic studies with practical industry experience with opportunities to network with industry leaders.

Career opportunities

Graduating from this course will provide you with the skillset and knowledge to make you a competitive candidate in a specialised field in areas such as consultancy, start-ups, government departments, private companies, non-government organisations (NGOs) and community groups.

Professional recognition

The Master of Information Technology (Software Engineering) is accredited by Australia Computer Society at the level of professional practice in ICT and therefore recognised internationally under the Seoul Accord.
<https://www.cdu.edu.au/study/master-information-technology-software-engineering-mitse-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Information Technology (Information Systems and Data Science)	0101692	March & July	Casuarina, Darwin	2 years	\$29,616	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

The Master of Information Technology (Information Systems and Data Science) complements your current information systems, information technology and computer science degree.

The course focuses on information systems and data science and their effects in the modern world. You will explore the impacts of information systems and data science in the course and project work, and combine theory with practical activities, giving you the opportunity to network with industry leaders.

Career opportunities

Business analyst, data scientist, data analyst, data manager and data engineer.

Professional recognition

The Master of Information Technology (Information Systems and Data Science) is accredited by Australia Computer Society at the level of professional practice in ICT and therefore recognised internationally under the Seoul Accord.

<https://www.cdu.edu.au/study/master-information-technology-information-systems-and-data-science-sitis1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Environmental Science & Management	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
------------------------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Environmental Science	042477D	March & July	Casuarina, Darwin	3 years	\$32,336	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

With the Bachelor of Environmental Science your academic studies will be combined with practical experience, allowing you to play an active role in the protection and conservation of the environment.

Foundation knowledge including biology, ecology and spatial analysis will be the base from which you learn to solve complex environmental problems. You will explore human impact, social and cultural perspectives, identify solutions to environmental challenges, and learn how to effectively communicate information for positive environmental outcomes. Training in critical and systems thinking will empower you to tackle the environmental challenges of our time.

Career opportunities

Graduating from this course prepares you with the skills and knowledge to work within government, private companies or community organisations, in areas including environment and heritage, biodiversity conservation, land and water resource management, mine site rehabilitation, nature-based tourism, Aboriginal land management, wildlife and reserve management, land-care, teaching, consultancy or environmental research.

<https://www.cdu.edu.au/study/bachelor-environmental-science-wenvs1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>.

Master of Environmental Management	075071J	March & July	Casuarina, Darwin	2 years	\$31,632	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

Focus on the principles and practices of environmental management, particularly in the context of wet-dry and semi-arid tropical ecosystems and arid landscapes, building on the knowledge you have gained through prior science study and/or professional practice. Topics covered include livelihoods, spatial science and analysis, and ecology and management of natural resources, with professional placements and remote Australia and international intensives also available.

The course balances required knowledge and technical skills, develops conceptual skills, and challenges you to apply them to natural resource management within its complex social context.

Career opportunities

Research or environmental and natural resources management within regional natural resource management agencies, environmental NGOs, Indigenous natural resources management organisations, consultancy firms and the resources sector.

Professional recognition

Graduates may seek professional membership to associations such as the Australian Rangeland Society, Ecological Society of Australia and Environment Institute of Australia and New Zealand.

<https://www.cdu.edu.au/study/master-environmental-management-senvm1-2020>

Academic Entry Requirements

Successful completion of one of the following:

- a recognised bachelor's degree or equivalent in a related field
- a recognised Bachelor degree in an unrelated field plus completion of a graduate diploma in a relevant field such as biological science, earth science, environmental engineering, environmental science, geography, geographic information or sustainability studies.

Exercise & Sports Science	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---------------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Diploma of Exercise and Sport Science	089408G	March & July	Casuarina, Darwin	1 year	\$30,240	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	--------	----------	---

Course Description

Ready to take your passion for exercise to the next level? The Diploma of Exercise and Sports Science will allow you to explore anatomy and physiology at a foundational level and give you the opportunity to learn about:

- the musculoskeletal system and the physiology of nerve and muscle function
- the cardiovascular system and the respiratory system as well as other cellular and genetic processes
- the control of movement and motor skill acquisition
- how the human body interacts with the environment
- the subsequent optimisation of physiological, biomechanical, and psychological responses and adaptations to acute and chronic exercise.

Career opportunities

Graduating from this course may lead you to career opportunities in the Australian health and fitness, sports industry, or you may continue to further studies into our Bachelor course.

Professional recognition

You can apply as individual members to the Australian Council for Health Physical Education and Recreation (ACHPER).

<https://www.cdu.edu.au/study/diploma-exercise-and-sport-science-yexss1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Associate Degree of Exercise and Sport Science	089399C	March & July	Casuarina, Darwin	2 years	\$30,240	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

Love sport so much that you want to make it your career? The Associate Degree in Exercise and Sports Science will help you reach your goal.

As an exercise and sports professional, you will help your clients improve their health and fitness, enhance physical performance, and prevent and rehabilitate injury in athletes and the clinical population.

Career opportunities

Graduating from this course may lead to career opportunities as an allied health professional in the Australian health and fitness, and sports industry. You may also continue with further studies with the Bachelor of Exercise and Sports Science degree.

Professional recognition

You can apply as an individual member to the Australian Council for Health Physical Education and Recreation (ACHPER).

<https://www.cdu.edu.au/study/associate-degree-exercise-and-sport-science-xexss1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Exercise and Sport Science	060254C	March & July	Casuarina, Darwin	3 years	\$30,240	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

The Bachelor of Exercise and Sport Science will equip you with the knowledge and skills to work as a health professional.

Work with people who are healthy (including athletes) or physically challenged (including the aged and injured), to improve their health and fitness, enhance their physical performance, and prevent and rehabilitate injuries.

Combine your academic studies with practical experience through professional placements, and if you are considering further postgraduate qualifications in physiotherapy, you can enhance your learning experience by choosing three specialist elective units from Flinders University.

Career opportunities

As an Exercise and Sport Science graduate, you may have diverse employment opportunities in health and fitness, and sports industry.

Professional recognition

You can apply as an individual member to the following associations: Australian Council for Health Physical Education and Recreation (ACHPER), Sports Medicine Australia (SMA), The British Association of Sport and Exercise Sciences and European College of Sports Science (ECSS).

Bachelor of Health Science/Master of Nutrition	0101038	March & July	Casuarina, Darwin	4 years	\$30,240	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

Focus on how food and nutrition impacts health across individuals, families, communities and industry, and have the opportunity to work in diverse areas of nutrition, including food research, dietetic studies, food and health policy, individual or community nutrition strategies, and public health.

This four-year program allows you to graduate with both a Bachelor of Health Science and Master of Nutrition, equipping you to enter the workforce in any number of health areas, such as nutrition focused roles in community health organisations, acute care settings, or in public health and health promotion.

Career opportunities

Career opportunities include Patient educators, Nutrition assistant, Nutrition consultants, Health promotion officers, Community health officers, Public health nutrition, Research and advisors, Education facilities, Universities and research facilities, Quality and nutrition coordinators, Food technologists.

Professional recognition

You will be eligible to apply for membership with the Australian Health Promotion Association, the Public Health Association of Australia, and on commencement of the Master of Nutrition, register with Nutrition Australia.

<https://www.cdu.edu.au/study/bachelor-health-sciencemaster-nutrition-hhsnt1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Health Science/Master of Occupational Therapy	0101041	March & July	Casuarina, Darwin	4 years	\$30,240	A minimum overall score of IELTS 7.0 with no band less than 6.5 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Explore a unique area of health where you can work with people across all ages who may have motor-sensory or muscular-skeletal impairments, disability, injuries or mental health problems that impact their ability to cope with day-to-day activities. Be equipped with the skills and knowledge needed to improve the lives of the clients, families and communities in which you will work.

The Bachelor of Health Science/Master of Occupational Therapy incorporates 1000 hours of health practicum supported by CDU academics and registered OT professionals. There are unique placement opportunities in the Northern Territory's local, rural and remote areas. This course offers international study opportunities and welcomes international students with a dedicated international student support academic.

Career opportunities

Career opportunities include Community health centres, Public and private hospitals, Aged care facilities, Paediatric facilities, Education facilities, Mental health settings, Alcohol and drug services, Private clinics, Non-government organisations, Correctional institutions, Universities and research facilities, Corporate and industrial settings, Supported employment and government departments.

Professional recognition

Students are required to register with the Occupational Therapy Board of Australia (OTBA) and graduates can apply for registration as Occupational Therapists with the Australian Health Practitioner Regulation Agency (AHPRA).

<https://www.cdu.edu.au/study/bachelor-health-sciencemaster-occupational-therapy-hhsot1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.

Graduate Certificate of Health Services Management	0101059	March & July	Sydney	0.5 year	\$14,760	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
---	---------	--------------	--------	----------	----------	---

Course Description

Extend your knowledge gained through undergraduate health studies, and prepare yourself for management roles within the healthcare sector by developing your understanding of:

- the impact of technological innovation in healthcare management and service delivery
- managing human and financial resources
- planning for change in different contexts.

Explore delivery processes, critical reflection on own decision-making processes, and the effects of policy and politics on health care provision and access.

It is expected that you will already be employed or have recent management experience within the health sector.

Career opportunities

This course prepares graduates for contemporary management practice within the healthcare sector. On completion of this course, you may progress to the master's qualification specific to your discipline, with advanced standing for completed studies.

As part of this course, you will undertake assessments which have direct applications to your professional practice and context.

<https://www.cdu.edu.au/study/graduate-certificate-health-services-management-uhsm01-2020>

Academic Entry Requirements

- Successful completion of a bachelor's degree in health studies, management, business or equivalent. Applicants must provide evidence of employment or recent experience in a health setting in a management capacity in their application.
- Consideration will also be given to applicants who have at least five years appropriate professional experience in middle to higher level management in a health service organisation.

Health Research	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
-----------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Graduate Diploma of Health Research	0101052	March	Casuarina, Darwin	1 year	\$29,520	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	-------	-------------------	--------	----------	---

Course Description

Gain advanced knowledge and skills in health research design and practice through study delivered by CDU and the Menzies School of Health Research. You will be taught by leading Menzies Research professionals in the specialist areas of Indigenous health, public health and global health.

You will acquire theoretical and practical capabilities in epidemiology, biostatistics, and quantitative and qualitative research methods. On completion you can articulate to a Master of Health Research and undertake a supervised research project and then proceed, with approval, to Higher Degree Research training. Alternatively, you can articulate to a Master of Public Health.

Career opportunities

Graduates may work in areas such as health research, professional health practice, health planning and policy, epidemiology/biostatistics, communicable and non-communicable disease control nationally and internationally.

<https://www.cdu.edu.au/study/graduate-diploma-health-research-thres1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor's degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>
- Registered nurses who are graduates of a hospital-based program are also eligible for entry.

Master of Health Research	0101053	March	Casuarina, Darwin	1.5 years	\$29,520	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
----------------------------------	---------	-------	-------------------	-----------	----------	---

Course Description

Gain advanced knowledge and skills in health research design and practice, including the ability to plan and implement a substantial research project. Learn from acclaimed Menzies School of Health Research professionals and supervisors in the specialist areas of Indigenous health, public health and global health.

During the course you will acquire theoretical and practical capabilities in epidemiology, biostatistics, and quantitative and qualitative research methods. Following completion of the Master of Health Research you may proceed, with approval, to Higher Degree Research (PhD) training.

Career opportunities

Health research and professional public health practice.

<https://www.cdu.edu.au/study/master-health-research-shres1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or graduate diploma in a relevant area, such as public health, health science, social science, primary health care, medicine, or health promotion.
- Applicants who have successfully completed a bachelor degree in a non-related area who have also successfully completed an honours degree or graduate diploma are also eligible to apply.

Menzies Two-Year study package

Complete a Graduate Diploma of Health Research and a Master of Public Health in two years. Unique features of the courses include learning from acclaimed Menzies School of Health Research professionals in the specialist areas of Indigenous health, global health, public health practice and health research. Intake availability: Semester 1 only. **Public Health Package 2 (Grad Dip + Master) = (Total duration: 2 years)**

Course 1: Graduate Diploma of Health Research (CRICOS 0101052); Duration 1 year

Course 2: Master of Public Health (CRICOS 0101051); Duration 1.5 years (maximum 50 credit points advanced standing will be granted on completion of the Graduate Diploma of Health Research)

Humanitarian, Emergency & Disaster Management	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Humanitarian Aid and Development	0101028	March & July	Casuarina, Darwin	3 years	\$25,328	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	---------	----------	---

Course Description

Learn to understand, critically analyse and apply concepts of community development, humanitarian practice and development aid as you are guided by academics and industry practitioners with a focus on national and international community work, disaster relief and development.

You will explore cultural studies, sociology, ethics, Indigenous knowledges, community development, international humanitarian assistance and development, project management, and language studies.

Hands-on experience is developed through a two-week intensive unit at our Casuarina campus in Darwin and a 400-hour placement with a community-based humanitarian or development aid organisation in Australia or overseas.

This degree will give you the knowledge and skills to provide support for those affected by man-made and natural disasters, poverty and social injustice.

Career opportunities

Career opportunities include working for non-government organisations (NGOs) and government agencies in the field of community development and international humanitarian assistance and development aid.

<https://www.cdu.edu.au/study/bachelor-humanitarian-aid-and-development-whad01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Graduate Diploma of Emergency and Disaster Management	089412M	March & July	Casuarina, Darwin	1 year	\$31,000	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	--------	----------	---

Course Description

As an emergency and disaster management professional, you will have the skills and ability to apply your knowledge and experience appropriately, collaboratively and productively as you lead and manage all phases of the disaster management cycle.

You will also confidently apply your academic studies to practical responses and report on your professional experience into the academic sphere of this rapidly evolving sector.

This in-depth course promotes its uniqueness in three areas:

- its focus on Asia-Pacific Region
- its informed practice and research
- its multi-sectoral approach.

Career opportunities

The Graduate Diploma of Emergency and Disaster Management complements your current professional resume, broadening your skill set, and preparing you for management and leadership roles.

Graduating from this course may lead to career opportunities that focus on emergency and disaster management from prevention to recovery. Your qualifications could land you a role in health, environment, social wellbeing, humanitarian assistance and management.

<https://www.cdu.edu.au/study/graduate-diploma-emergency-and-disaster-management-temdm1-2020>

Academic Entry Requirements

- You must have successfully completed a recognised bachelor's degree or equivalent, or a graduate certificate, graduate diploma or equivalent in a relevant field.

Master of Emergency and Disaster Management	082431J	March & July	Casuarina, Darwin	2 years	\$31,000	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Gain the skills and knowledge needed to work as an emergency and disaster management professional as you draw on research, insights and learnings from a geographic region that is unarguably the most prone to, and affected by, various types of disasters.

During the course you will:

- learn to lead and manage all phases of the disaster management cycle
- apply your academic studies to practical responses
- apply your skills, knowledge and experience in a way that's appropriate, collaborative and productive in the Asia Pacific region and beyond
- acquire the technical, managerial and leadership skills
- report on your professional experience in the academic sphere.

Career opportunities

Graduating from this course may lead to career opportunities that focus on emergency and disaster management from prevention to recovery. Your qualifications could land you a role in health, environment, social wellbeing, humanitarian assistance and management.

<https://www.cdu.edu.au/study/master-emergency-and-disaster-management-memdm-2020>

Academic Entry Requirements

- Successful completion of a recognised Bachelor degree or equivalent, or a Graduate Certificate or Graduate Diploma or equivalent in a relevant field.

Indigenous Knowledges	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
-----------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Graduate Diploma of Indigenous Policy Development

093307M

March & July

Casuarina,
Darwin

1 year

\$32,008

A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)

Course Description

Build your professional knowledge and experiences with a critical understanding of important aspects of Indigenous economic and policy development in modern Australia.

Examine key issues of Indigenous policy development and implementation, economic development and participation, traditional and modern governance structures, and intellectual and cultural property rights in current social and political contexts.

This course is an essential foundation for respectful and accountable engagement with Indigenous people and the current social and political issues they face in Australia and internationally.

Career opportunities

Potential employment opportunities include roles in government and non-government organisations that look after Indigenous affairs in areas such as research, policy development, or media and communications and academia.

<https://www.cdu.edu.au/study/graduate-diploma-indigenous-policy-development-tipd01-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor's degree or equivalent. Consideration will also be given to non-graduates who have at least five years appropriate professional experience, for example policy development, research, governance or service delivery.
- Applicants may be asked to provide further documentation detailing their employment experience, roles and achievements in the form of a curriculum vitae.

Master of Public Policy

089414J

March & July

Casuarina,
Darwin

2 years

\$32,008

A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)

Course Description

Undertake a research project in public policy, with a focus on northern Australia as you explore the region's remote context, the importance of Indigenous peoples and cultures, and its proximity to South-East Asia.

You will build the necessary knowledge and skills to engage in effective and ethical research for policy development and develop your public policy knowledge through specialist electives in areas including Indigenous policy, international education, governance and management, health, emergency and disaster management, and environmental management.

You will apply this new knowledge in an important public policy research project of your choice while receiving one-on-one supervision and support from university research, public policy researchers, policy developers and evaluators, and teaching staff.

Career opportunities

Graduating with a Master of Public Policy may lead to career opportunities in government and private companies as a policy researcher, advisor, analyst or writer.

<https://www.cdu.edu.au/study/master-public-policy-sppol1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree, graduate certificate, graduate diploma, master's degree or equivalent.
- Applicants who don't meet the entry requirements, are advised to contact the course coordinator in the College of Indigenous Future, Arts and Society by email to IFASAdmin@cdu.edu.au for further advice.

Law & Legal Studies	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Diploma of Laws	089409F	March & July	Waterfront Darwin	1 year	\$26,968	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
------------------------	---------	--------------	-------------------	--------	----------	---

Course Description

Graduate from this course having built a general understanding of the law, legal processes and legal principles, as well as an opportunity to gain the specialist knowledge you may need for work or other reasons. This program is also suitable for internationally qualified lawyers who need to complete some Australian subjects to qualify for admission to legal practice in Australia and is a recognised pathway to the Bachelor of Laws at Charles Darwin University.

Career opportunities

Completing the Diploma of Laws may lead to roles in politics, industrial relations and community advocacy in government, private companies and non-government organisations (NGO).

<https://www.cdu.edu.au/study/diploma-laws-ylaw01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Associate Degree of Legal Studies	046424G	March & July	Waterfront Darwin	2 years	\$26,968	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Broaden your understanding of the legal system, law, legal processes and legal principles and build your practical understanding of areas of the law such as torts, contracts, criminal law and transnational law. It caters for two groups of students: those who have a general interest in legal issues without wishing to complete a full law degree and those who wish to gauge their interest in legal studies and perhaps later seek to undertake a full law degree program.

Career opportunities

Administrative, secretarial or paralegal roles in government, corporate and private legal environment.

Professional recognition

This course does not lead to professional accreditation, though students can transfer to the LLB degree, which is accredited with the Legal Practitioners Admissions Board of the Northern Territory, with full credit for units completed.

<https://www.cdu.edu.au/study/associate-degree-legal-studies-xlest1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Laws	099440B	March & July	Waterfront Darwin	3 years	\$26,968	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
Complete a Bachelor of Laws in just 3 years						

Course Description

Build your academic foundation to become a lawyer or work in a range of industries that require legal expertise, as you gain knowledge in legal systems and principles in Australia and abroad. You'll gain skills in legal research, analysis and communication, and learn theoretical perspectives on the law. You will benefit from this course's unique focus on transnational law and comparative law, so you'll gain insight into the legal issues facing today's globalised economies and societies.

Career opportunities

Work as a solicitor or barrister, in fields that benefit from legal expertise, such as politics, public service, industrial relations, community advocacy or commerce in general.

Professional recognition

The Bachelor of Laws is accredited by the Legal Practitioners Admission Board of the Northern Territory and provides the academic foundation for admission to legal practice in the Northern Territory and elsewhere in Australia.

To be admitted to legal practice in Australia, you must also complete the Graduate Diploma in Legal Practice (GDLP). This can be taken through the College of Law, Sydney, and completed online.

<https://www.cdu.edu.au/study/bachelor-laws-wlaw02-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 80*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Law & Legal Studies	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Laws Honours	0101046	March	Waterfront Darwin	1 year	\$26,968	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---------------------------------	---------	-------	-------------------	--------	----------	---

Course Description

Designed for high-achieving Bachelor of Laws' graduates, this course provide you with a pathway to a PhD, enhance your career prospects, and advance your legal research and writing skills. You will undertake a substantial legal research project in an area relevant to your career, exploring a legal topic of your interest, and developing a sound understanding of the research methodologies relevant to law and legal scholarship.

With the support of CDU's academic staff and your research supervisor, you will be encouraged to produce quality research and develop your project to a publishable level.

Career opportunities

Work as a solicitor or barrister, or in politics, the public service, industrial relations or community advocacy.

Professional recognition

This course is recognised by the Legal Profession Admission Board in the Northern Territory.

<https://www.cdu.edu.au/study/bachelor-laws-honours-vlawh2-2020>

Academic Entry Requirements

- Successful completion of a Bachelor of Laws degree or equivalent with a minimum GPA of 5.50. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Laws (Graduate Entry)	085365A	March & July	Waterfront Darwin	3 years	\$26,968	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

The Bachelor of Laws program (Graduate Entry) enables those who hold a degree level qualification (other than law) to complete a law degree.

Gain knowledge of the law, legal processes and legal principles and cultivate a capacity for legal research, analysis and communication, while you focus on the analysis, interpretation, evaluation and application of various sources of legal authority to construct solutions to legal problems.

Career opportunities

Work as a solicitor or barrister, or in fields such as politics, the public service, industrial relations or community advocacy.

Professional recognition

The Bachelor of Laws (Graduate Entry) is accredited by the Legal Practitioners Admission Board of the Northern Territory and provides the academic foundation for admission to legal practice in the Northern Territory and elsewhere in Australia.

To be admitted to legal practice in Australia, you must also complete the Graduate Diploma in Legal Practice (GDLP). This can be taken through the College of Law, Sydney, and completed online.

<https://www.cdu.edu.au/study/bachelor-laws-graduate-entry-wlawg1-2020>

Academic Entry Requirements

Nursing and Midwifery	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
-----------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Midwifery	075062K	March	Casuarina, Darwin	3 years	\$32,320	A minimum overall score of IELTS 6.5 with no band less than 6.5 (or equivalent)
------------------------------	---------	-------	-------------------	---------	----------	---

Course Description

Learn to provide woman-centred, evidence-based care for women and babies throughout the childbearing journey in a variety of settings. As a midwife, you will play an important role in promoting the health and wellbeing of women and their families and providing expertise around pregnancy, birth, postnatal and the newborn period. Midwives collaborate with other health professionals to continue midwifery care in complex situations.

You will build your practical skills through placements and be required to meet the University's Inherent Requirements for Midwifery.

CDU is required to register students with the Australian Health Practitioner Regulation Agency (AHPRA) and notify AHPRA if a student has or develops a health impairment that may place the public at substantial risk of harm. Students are expected to understand their obligations under the Health Practitioner Regulation National Law prior to enrolling. More information available at NMBA Student Registration.

Career opportunities

Graduating from this course may lead to career opportunities in roles including midwifery group practice, homebirth and working in public or private hospitals.

Professional recognition

Graduates will be eligible to apply for registration with the Nursing and Midwifery Board of Australia (NMBA) to practice as a midwife in all Australian States or Territories and some overseas countries.

<https://www.cdu.edu.au/study/bachelor-midwifery-wmidw1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 75*.
- Successful completion of a national qualification at Diploma level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma with a GPA of 5.5 and above.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Nursing	085364B	March & July	Casuarina, Darwin	3 years	\$32,320	A minimum overall score of IELTS 7.0 with no band less than 7.0 (or equivalent)
----------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Build the capabilities to gain registration as a Division 1 nurse in Australia. Graduates of this course are prepared to be safe, collaborative, articulate and ethical registered nurses who are responsive to local, national and regional health care needs and aware of emerging global health care trends.

Build hands-on, practical skills through simulation blocks and clinical placements in a variety of health care settings. CDU arranges all placements which may take place locally or interstate. Interstate placements will incur additional costs for travel and accommodation.

CDU is required to register students with the Australian Health Practitioner Regulation Agency (AHPRA) and notify AHPRA if a student has or develops a health impairment that may place the public at substantial risk of harm. Students are expected to understand their obligations under the Health Practitioner Regulation National Law prior to enrolling. More information available at NMBA Student Registration.

Career opportunities

Work as a nurse in public and private hospitals and medical clinics in areas such as mental health, community health, acute and chronic care.

Professional recognition

Graduates of this course are eligible to apply for registration with the Health Licensing Authority (Nursing and Midwifery Board of Australia).

<https://www.cdu.edu.au/study/bachelor-nursing-bnrsg-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Graduate Certificate of Maternal Critical Care	0101060	March & July	Sydney	0.5 year	\$16,425.20	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
---	---------	--------------	--------	----------	-------------	---

Course Description

The Graduate Certificate of Maternal Critical Care is designed to extend your knowledge gained through maternity clinical practice and develop advanced theoretical skills in obstetrical and gynaecological critical care.

It is expected that you will already be employed in a clinical setting and will undertake assessments that have a direct application to your professional practice and context. This course provides a strong theoretical and practical grounding that will enable you to develop an analytical approach to clinical decision making, facilitate your capacity to enhance your critical thinking capability, and to provide enhanced maternity care services.

Career opportunities

The Graduate Certificate of Maternal Critical Care prepares students for advanced clinical practice roles in this specialist area. This course is a recognised pathway to Master level study either by coursework or toward a Master of Nursing (Nurse Practitioner).

<https://www.cdu.edu.au/study/graduate-certificate-maternal-critical-care-umatc1-2020>

Academic Entry Requirements

- Successful completion of a relevant bachelor degree or equivalent. Applicants must hold current registration as a registered nurse or midwife with the Australian Health Practitioner Regulation Agency (AHPRA).

Nursing and Midwifery	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
-----------------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Master of Midwifery	0101061	March & July	Sydney	1.5 years	\$32,850.40	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
----------------------------	---------	--------------	--------	-----------	-------------	---

Course Description

The Master of Midwifery is designed to extend your knowledge gained through midwifery clinical practice and develop your research appraisal skills. It is expected that you will already be employed or have recent experience in a clinical setting and will undertake assessments that have a direct application to your professional practice and context.

The course has a focus on cultivating research skills in a supported partnership with an experienced midwife academic. During the final semester, you will either undertake a systematic review or a project to address a 'real world' issue in your individual practice setting. The project will be conducted entirely within your practice setting, and your findings will be disseminated to all relevant stakeholders at the clinical site.

The Master of Midwifery is a coursework qualification; it does not lead to registration as a nurse or midwife in Australia.

<https://www.cdu.edu.au/study/master-midwifery-smid01-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree. Applicants must also hold current registration as a registered midwife with the Australian Health Practitioner Regulation Agency (AHPRA).

Master of Nursing Studies (International)	0101062	March	Casuarina, Darwin & Sydney	1 year	\$49,275.60	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	-------	----------------------------	--------	-------------	---

Course Description

The Master of Nursing Studies course is designed to extend your knowledge gained through nursing clinical practice, develop your research skills, and advance discipline-specific theoretical knowledge. Students will be nurses in their country of origin and have clinical experience to apply this learning to contexts specific to their area of practice.

The Master of Nursing Studies (International) is a coursework qualification; it does not lead to registration as a nurse or midwife in Australia.

<https://www.cdu.edu.au/study/master-nursing-studies-international-sinp01-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree. You must also hold current registration as a registered nurse in your country of origin.

Psychology	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Diploma of Psychology	089410B	March & July	Casuarina, Darwin	1 year	\$28,224	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
------------------------------	---------	--------------	-------------------	--------	----------	---

Course Description

Want to study Psychology without committing to a full undergraduate degree? The Diploma of Psychology could be what you are looking for.

By studying Psychology, you will have the opportunity to explore human behaviour and how humans make sense of the world, process, organise and store information. Through this qualification, you can look at multiple factors that influence human development, human motivation and emotion, including: how biology influences things like learning, memory and behaviour, and vice versa; common and unique aspects of personality; behavioural dysfunctions; and social and cultural diversity.

This course introduces you to the foundations of psychology, explores mental health, and builds essential counselling and behaviour modification skills.

Career opportunities

This qualification will complement your existing professional career, or it may prepare you for career opportunities in various psychology-related fields in government, private companies, non-government organisations (NGO) and community groups.

<https://www.cdu.edu.au/study/diploma-psychology-ypsy01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Psychological Science	077775E	March & July	Casuarina, Darwin	3 years	\$28,224	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
--	---------	--------------	-------------------	---------	----------	---

Course Description

Develop an integrated understanding of human behaviour including social-cultural perspectives, motivations, health and psychopathology as well as the fundamental premise of psychology as an empirically based science.

Key study areas include: research methods, abnormal psychology, social-cultural psychology, learning and motivation, cognitive psychology, the biological bases of behaviour, and an introduction to forensic psychology counselling.

The Bachelor of Psychological Science will also prepare you for the Honours program, as well as postgraduate professional coursework or supervised training in psychology.

Career opportunities

Child and family services, child protection, community health and welfare, drug and alcohol, disability and rehabilitation services, health service management, research and evaluation, policy and planning, human resources management and marketing.

Professional recognition

This course is accredited by the Australian Psychology Accreditation Council (APAC) and prepares you for entry into an Honours year in psychology. During your studies, you can also join the Australian Psychological Society.

<https://www.cdu.edu.au/study/bachelor-psychological-science-wpsys1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Psychological Science (Graduate Entry)	096874M	March & July	Casuarina, Darwin	1 year	\$28,224	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	--------	----------	---

Course Description

Be introduced to the concepts, practices and science of psychology as you develop your skills and knowledge in human behaviour, including the fundamental premise of psychology as an empirically based science, social-cultural perspectives, and research methods.

This course acts as a pathway into the Bachelor of Psychological Science Honours program, which prepares you for specialist training and registration.

Career opportunities

This course will equip you with skills and knowledge in a range of psychology areas (e.g. abnormal psychology, personality, developmental). These skills could lead to career opportunities in human resources, preventative health education and training, community services, advertising and marketing, and sport and rehabilitation.

Professional recognition

The degree will be submitted for accreditation by the Australian Psychology Accreditation Council.

<https://www.cdu.edu.au/study/bachelor-psychological-science-graduate-entry-wpsyg1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent and successful completion of APAC accredited first year psychology units equivalent to PSY140 Introduction to Psychology A and PSY141 Introduction to Psychology B.
- Students who have completed an APAC accredited undergraduate degree are not eligible for entry.

Graduate Diploma of Mental Health	101063	March & July	Sydney	1 year	\$29,520	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	--------	--------------	--------	--------	----------	---

Course Description

The Graduate Diploma of Mental Health is designed to extend knowledge gained through your undergraduate health studies and to further develop your foundational research skills. The course addresses care delivery processes, critical reflection on mental health practice, and the effects of policy and politics on health care provision, access and individual agency.

Cultural safety principles underpin the course design and reinforce the ways in which quality and safety are central to health care.

It is expected that you will already be employed or have recent experience within the health sector. As part of this course, you will undertake assessments which have direct applications to your professional practice and context.

<https://www.cdu.edu.au/study/graduate-diploma-mental-health-tmhlt1-2020>

Academic Entry Requirements

- Successful completion of a relevant bachelor's degree or equivalent in health or allied health studies. All applicants must provide details of their post-degree work experience with mental health in their relevant industry field in the application.

Diploma of Counselling and Diploma of Alcohol and Other Drugs can be found on page 56

Public Health	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
---------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Bachelor of Public Health	0101044	March & July	Casuarina, Darwin	3 years	\$30,240	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
----------------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Focus on addressing health disparities faced locally, nationally and globally as you prepare to work in areas of health promotion, policy making, research and disease prevention. Graduate with a broad skill set and have the opportunity to work in public health across local, rural, remote and global health settings.

This course has diverse and relevant unit offerings encompassing topics such as epidemiology, cultural safety, social media, global and environmental health, and in the final year of study you will be supported to work with health agencies and complete your own community health project.

Career opportunities

Graduating from this course may lead to career opportunities in areas such as Primary and Community health centres, Health project officer, Health promotion practitioner, Health policy development, Education facilities, Mental health settings, Alcohol and drug services, Non-government organisations, Universities and research facilities, Research officer, Rural and remote health settings, Corporate and industrial settings, Supported employment and government departments.

Professional recognition

Students are eligible to apply for membership with The Australian Health Promotion Association and the Public Health Association of Australia.

<https://www.cdu.edu.au/study/bachelor-public-health-wpubh1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Graduate Diploma of Public Health	0101050	March	Casuarina, Darwin	1 year	\$29,520	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
--	---------	-------	-------------------	--------	----------	---

Course Description

Develop the skills needed to investigate, critique and respond to real-world population health problems in local and global contexts. This course is delivered by CDU and the Menzies School of Health Research. You will be taught by leading Menzies Research professionals in the specialist areas of Indigenous health, global health, public health practice, and health research.

Acquire advanced knowledge and skills in epidemiology, biostatistics, and quantitative and qualitative research methods as you apply public health approaches to health promotion, disease control, health systems, health policy, decision making, the environment, and sustainable development goals.

Learn to analyse and interpret population health information, evaluate and design public health interventions, and formulate strategies to address complex health and social issues. On completion, you can articulate to the Master of Public Health with the option of undertaking a supervised research project.

Career opportunities

Work in various areas of public health, including professional public health practice; health policy and planning; epidemiology; communicable and chronic disease control; health research; and community development and aid work, both nationally and internationally.

<https://www.cdu.edu.au/study/graduate-diploma-public-health-tpubh1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor's degree or equivalent. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>
- Registered nurses who are graduates of a hospital-based program are also eligible for entry.

---------------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Master of Public Health	0101051	March	Casuarina, Darwin	1.5 years	\$29,520	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
-------------------------	---------	-------	-------------------	-----------	----------	---

Course Description

Studying this course will equip you with the tools to investigate, critique and respond to real-world population health problems in local and global contexts. Learn from acclaimed Menzies School of Health Research professionals in the specialist areas of Indigenous health, global health, public health practice, and health research, and acquire advanced knowledge and skills in epidemiology, biostatistics, and quantitative and qualitative research methods.

Learn to analyse and interpret population health information, evaluate and design public health interventions, and formulate strategies to address complex health and social issues, and consolidate your learning by undertaking a research project supervised by an expert in the field.

Career opportunities

Work in national and international health services, government ministries, universities, and international health, development and humanitarian organisations in roles as public health leaders, program planners, analysts, evaluators, health policy officers and professional practitioners. Our MPH graduates may also continue on academic pathways to careers as successful health researchers.

<https://www.cdu.edu.au/study/master-public-health-spubh1-2020>

Academic Entry Requirements

- Successful completion of a bachelor degree or graduate diploma in a relevant area, such as public health, health science, primary health care, medicine, social science or health promotion.
- Applicants who have successfully completed a bachelor degree in a non-related area who have also successfully completed an honours degree or graduate diploma are also eligible to apply.

Menzies two-year postgraduate Public Health study package

Complete a Graduate Diploma of Public Health and a Master of Public Health in two years. Unique features of the courses include learning from acclaimed Menzies School of Health Research professionals in the specialist areas of Indigenous health, global health, public health practice and health research. Intake availability: Semester 1 only. **Public Health Package 1 (Grad Dip + Master) = (Total duration: 2 years)**

Course 1: Graduate Diploma of Public Health (CRICOS 0101050); Duration 1 year

Course 2: Master of Public Health (CRICOS 0101051); Duration 1.5 years (maximum 50 credit points advanced standing will be granted on completion of the Graduate Diploma of Public Health)

Science	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements

Diploma of Science	075065G	March & July	Casuarina, Darwin	1 years	\$31,000	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

The Diploma of Science is ideal if you are curious about studying science, or you already have a career in the sciences and want to upskill with a formal qualification.

You will explore a variety of science concepts, theories and principles in fields such as general science, geographic information science, environmental science and medical science and develop your knowledge in logical and critical thinking, and problem solving from a scientific and technological perspective.

Career opportunities

Graduating from this course may lead to a variety of science-related roles in government, private companies, non-government organisations and community sectors including positions as a technician, laboratory assistant, consultant, analyst, designer and developer, project manager or helpdesk support administrator, plus many more.

<https://www.cdu.edu.au/study/diploma-science-ysci01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.

Bachelor of Science	096354B	March & July	Casuarina, Darwin	3 years	\$32,336	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
----------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Explore your curiosity and passion for knowledge within your chosen scientific field, whether that be biology, ecology, spatial science, biomedical science, chemistry, or in other science fields.

You will combine academic studies with practical learning in distinctive environments and communities of northern Australia and the region, and their associated challenges in environmental management and public health, including Indigenous health.

Strengthen your problem solving, logical and critical thinking skills, apply an understanding of scientific and technological factors, and consider issues from various cultural, economic and other societal perspectives throughout your studies helping you to approach tasks as an informed and confident science professional.

Career opportunities

Graduating from this may lead you to career opportunities in the industry, government, private companies, non-government organisations (NGO) and the community sector as a biologist, ecologist, spatial scientist, biomedical scientist, chemist, consultant, laboratory assistant, project manager or advisor.

<https://www.cdu.edu.au/study/bachelor-science-wsci01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Bachelor of Science Honours	0101045, 0101045	March & July	Casuarina, Darwin & Alice Springs	1 year	\$32,336	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
------------------------------------	------------------	--------------	-----------------------------------	--------	----------	---

Course Description

Have the opportunity to conduct a major research project, complete advanced-level coursework and hone your research skills in a number of science disciplines including: environmental science, health and clinical science, and information technology.

Key areas you could base your research on include: biology, ecology, spatial science, analytical chemistry and molecular modelling, exercise and sports science, medical laboratory science, pharmacy, information systems, mobile, networking, and software development.

Career opportunities

Gain the skills needed to take on professional positions requiring higher level project management, effective written and oral communication, analysis and problem-solving and research skills.

Honours qualifications are also a pathway to further study in Master or PhD programs.

<https://www.cdu.edu.au/study/bachelor-science-honours-vscih1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree or equivalent in a science, biomedical science, environment or information technology discipline with at least a credit average (GPA of 5.00) or equivalent.
- The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Diploma of Alcohol and Other Drugs	089406J	March & July	Casuarina, Darwin	1 year	\$25,328	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
---	---------	--------------	-------------------	--------	----------	---

Course Description

Whether you are looking to broaden your awareness or build on your professional skill set, the Diploma of Alcohol and Other Drugs will expand your knowledge in these areas. You will be introduced to modern issues, research and interventions in the Australian alcohol and other drug fields, with particular reference to the Northern Territory.

Career opportunities

This course complements your current qualifications and may prepare you for advanced career opportunities within education, nursing, social work, indigenous studies, health sciences and related areas.

<https://www.cdu.edu.au/study/diploma-alcohol-and-other-drugs-yaod01-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Diploma of Counselling	089407G	March	Casuarina, Darwin	1 year	\$28,224	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
-------------------------------	---------	-------	-------------------	--------	----------	---

Course Description

Do you seek a career that will make a positive impact on the health and well-being of those in your community? Or perhaps you are wanting to build on your knowledge in human services? The Diploma of Counselling may be the course you are looking for.

Explore key areas such as psychology, trauma assessment and intervention, alcohol and other drugs as well as build on your communication skills as you develop the skills and knowledge necessary to launch a career that makes a positive impact on the lives of others.

Career opportunities

This qualification will complement your existing professional career, or it may prepare you for career opportunities in counselling-related fields in government, private companies, non-government organisations (NGO) and community groups.

<https://www.cdu.edu.au/study/diploma-counselling-ycoun1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Diploma of Social Care	101030	March & July	Casuarina, Darwin	1 year	\$25,832	A minimum overall score of IELTS 6.0 with no band less than 6.0 (or equivalent)
-------------------------------	--------	--------------	-------------------	--------	----------	---

Course Description

The social care and community sector is a rapidly growing field offering a wide variety of employment options. Whether you are seeking a new career, or looking to build on your existing experience, this one-year course provides you with knowledge and skills for a range of community and human service roles. You will learn about working with individuals, groups and communities to help people access the care, support and services they need. You will also learn to locate and analyse key information to help you make practice decisions.

Career opportunities

Community work, residential care, support services, youth work and aged care. This course provides a direct pathway into the Bachelor of Social Work Degree at Charles Darwin University, with full credit for the first year of study.

<https://www.cdu.edu.au/study/diploma-social-care-ysccr1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Social Sciences	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements

Bachelor of Social Work	058608M	March & July	Casuarina, Darwin	4 years	\$25,832	A minimum overall score of IELTS 6.5 with no band less than 6.5 (or equivalent)
--------------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

As a social worker, you will provide guidance and support to individuals, families and communities to help meet their goals.

With the Bachelor Social Work, you will gain the knowledge and skills required to work effectively and safely with those in crisis, vulnerable or impacted by poverty and social disadvantage.

Key areas of your coursework include multi-disciplinary practice, cross-cultural practice and working in virtual contexts and with practical skills based on the entry/application requirements of organisations.

Career opportunities

Child protection, income support, community health, community development, counselling, youth work, mental health, hospital social work, education and corrections.

Professional recognition

Graduates of the Bachelor of Social Work qualify for membership to the Australian Association of Social Workers (AASW).

<https://www.cdu.edu.au/study/bachelor-social-work-wscwk1-2020>

Academic Entry Requirements

- Successful completion of the Northern Territory Certificate of Education and Training (or international equivalent) and the awarding of an Australian Tertiary Admissions Rank (ATAR) of at least 60*.
- Successful completion of a national qualification at Certificate IV level or higher.
- Successful completion of at least 0.5 year of full-time study (or equivalent) of a higher education degree/diploma.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Master of Social Work (Qualifying)	101380	March	Casuarina, Darwin	2 years	\$31,000	A minimum overall score of IELTS 7.0 with no band less than 7.0 (or equivalent)
---	--------	-------	-------------------	---------	----------	---

Course Description

This course provides you with the knowledge and skills required for employment as an accredited social work practitioner. You will learn to work with individuals, families, groups and communities to create positive change. You will gain specific practical skills for working effectively and safely in situations where resources are limited, including remote and regional locations. You will receive support and access to a broad and coherent body of knowledge in a range of contexts, at the master's degree level. Course themes include multidisciplinary and intercultural practice, social justice, research and advocacy, and working in virtual contexts.

Professional recognition

As a graduate, you will be eligible for membership with the Australian Association of Social Workers (AASW).

<https://www.cdu.edu.au/study/bachelor-social-work-wscwk1-2020>

Academic Entry Requirements

- Successful completion of a recognised bachelor degree. Applicants must also have the equivalent of one-year full-time study in behavioural or social science units.
- Applicants who have completed a Bachelor of Social Work undergraduate degree are not eligible for entry.
- Overseas secondary or tertiary qualifications considered equivalent to the above Australian qualifications. The most common equivalencies accepted by CDU are listed: <https://www.cdu.edu.au/international/how-apply/entry-requirements>

Research

At CDU's heart lies our commitment to the perpetual evolution of knowledge through world-class*, innovative and useful research studies. Harnessing our unique environment, we continue to attract global recognition for research excellence in areas including tropical and desert knowledges, Indigenous knowledges, human health and wellbeing, tropical health, social and public policy, and environment and livelihoods.

Our research makes a real, positive difference to people's lives and regularly contributes to the development of public policy, private sector decision-making, and the work of non-government organisations and communities. Our key partnerships with national and international universities ensure that our research capacity and capability continue to grow.

Located in the far north of Australia, research is central to the purpose of CDU, and closely tied to the needs of the Northern Territory and our immediate region including: Timor-Leste, Eastern Indonesia and the Arafura Sea.

Institutes

- Menzies School of Health Research
- The Research Institute for Environment and Livelihoods
- Northern Institute

Centres

- The Research Centre for Health and Wellbeing
- North Australian Centre for Oil and Gas
- Centre for Renewable Energy and Low Emission Technology
- Centre for School Leadership, Learning and Development
- Centre for Hydrocarbon Research, Education and Training

*82%

of CDU's research is rated at world standard and above according to the ERA (Research Excellence Rankings Analysis).

Indigenous research

CDU is dedicated to promoting Indigenous knowledges and perspectives into all aspects of the University; by participation in ethical research, providing expert analysis of research projects to develop sustainable livelihoods, and preservation of knowledge. Indigenous research at CDU is undertaken by the Australian Centre for Indigenous Knowledges and Education.

University partners

Researchers at CDU collaborate through partnerships and alliances with other universities and research agencies nationally and internationally in Australia (Australian National University and Innovative Research Universities network), Indonesia, China, Hong Kong, USA, Canada, Europe, Vietnam, Philippines, Malaysia, Japan, Timor-Leste, India, Sri Lanka, Sweden, Norway, UK, France, Germany and Brazil.

Strong partnerships

CDU is a member of the Innovative Research Universities (IRU) Group, comprising six research-based, progressive universities established in Australia in the past 50 years. The IRU members are CDU, Griffith University, La Trobe University, Flinders University, James Cook University and Murdoch University. For more information about the IRU, go to www.iru.edu.au

Sigit is a Higher Degree by Research student from Indonesia doing his research project on the impact of human behaviour on mangrove forests. His work is set to define environmental policy for his home country.

“The Research Institute for the Environment and Livelihoods (RIEL) is one of the world’s best institutes in my field, particularly in developing the understanding of the man-made impacts to our ecosystems.”

Read Sigit's story online.

Research	CRICOS	Intake	Campus	Course Duration	2020 Annual Tuition Fee AUD	English entry requirements
----------	--------	--------	--------	-----------------	-----------------------------	----------------------------

Master by Research	053295G	March & July	Casuarina, Darwin	2 years	\$31,500	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
---------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

As a Master by Research student at CDU you'll represent some of our best and brightest minds. You'll study in a learning environment that's rich in theoretical and policy resources drawn from around the globe. And you'll work in the context of our regional focus, which prioritises the complex issues facing Northern Australia and the Asia-Pacific.

The University currently allocates a limited number of fees waiver scholarships. Applicants for this degree may apply.

<https://www.cdu.edu.au/study/master-research-mrsias-2020>

Academic Entry Requirements

- Applicants into this course are required to provide: referees reports, brief research proposal (1500-1700 words), certified academic transcripts and other supporting documentation.

To be eligible for entry to an MRes you should have completed either:

- a Bachelor Honours degree with first-class or second-class honours; or
- a Masters by Coursework or Extended Masters which contains a substantial research component

Doctor of Philosophy	053291A	March & July	Casuarina, Darwin	4 years	\$31,500	A minimum overall score of IELTS 6.5 with no band less than 6.0 (or equivalent)
-----------------------------	---------	--------------	-------------------	---------	----------	---

Course Description

Do you want to make a significant contribution to knowledge in your field of study? If yes, you're ready to conduct independent research with a focus on originality and quality. Our leading researchers will provide the support you'll need to be successful. Your work will add value to our community and to the world.

The University currently allocates a limited number of fees waiver scholarships. Applicants for this degree may apply.

<https://www.cdu.edu.au/study/doctor-philosophy-dphas-2020>

Academic Entry Requirements

- Applicants into this course are required to provide: referees reports, brief research proposal (1500-1700 words), certified academic transcripts and other supporting documentation.
- You must have completed the equivalent of an Australian Bachelor degree with second class Honours division A, or an Australian Masters degree (with a substantial research component). Alternatively, you may have other qualifications and/or experience equivalent to these degrees.

How to apply for a Higher Degree by Research

STEP 1

Submit an Expression of Interest (EOI)

An EOI includes the following:

- Copies of academic transcripts and Award Certificates
 - Curriculum vitae (CV) including details of publications
 - Brief research proposal (1500-1700 words) on proposed research, including specific methodological techniques
- EOI should be sent to hdsupport@cdu.edu.au

STEP 3

Contact a potential supervisor

You will need to obtain the supervisor's confirmation in writing (email communications will be sufficient).

Check the projects and supervisors listed on the CDU Research web portal: researchers.cdu.edu.au

STEP 2

Await confirmation of invitation to apply

STEP 4

Submit a completed online application

Applications and relevant documents must be submitted to CDU online: student-cdu.studylink.com

Learn more about each step on our website at www.cdu.edu.au/international/how-apply/higher-degree-research

DISCLAIMER TEXT: The tuition fees quoted above are in \$AUD and are correct at the time of publication. Tuition fees are paid each semester in advance. International students enrolled in a Higher Education course (undergraduate or postgraduate) will need to pay an annual Student Service and Amenities Fee (SSAF). In 2020 the Student Services and Amenities Fee is A\$260. The University reviews tuition fees and Student Services and Amenities Fee annually and any changes to fees will apply to all commencing and continuing international students. For more information please go to: cdu.edu.au/international

sustainability@cdu

At CDU we have a passion and a vision to use our skills and knowledge to help shape a brighter future - one where we minimise our impact on the environments in which we operate and contribute to a more sustainable world. By 2025 CDU will achieve local, regional and international recognition as a true champion of sustainability: we will create a brighter future by championing the three pillars of sustainability – Environment, Society and Economy – and the United Nations Sustainable Development Goals. CDU will become a celebrated innovator in sustainability education, research and community engagement, leading the way in:

- Addressing the non-sustainable impacts of human activity on our environment
- Inspiring positive outcomes for people, communities and society
- Promoting environmentally and socially responsible business practice and governance

For more information about sustainability@cdu, go to www.cdu.edu.au/sustainability

How you can get involved as a student:

The EnviroCollective provides a voice for students and staff at CDU to advocate for improved sustainability and environmental management of our campuses. For more information, go to www.facebook.com/EnviroCollectiveCdu

Lakeside Drive Community Garden is a community garden located at CDU Casuarina campus on a two-acre site on Lakeside Drive. The garden is driven by a dedicated team of volunteers and supported by the City of Darwin and the University. For more information, go to ldcg.cdu.edu.au

For other ways you can get involved, visit www.cdu.edu.au/sustainability/what-you-can-do

Life after CDU

Your connection with the university does not end with the completion of your qualification. As a graduate, your knowledge, expertise and success can continue to be supported, or shared to develop others.

As an alumnus of CDU, you will be part of a growing group of highly regarded professionals, knowledge brokers and change makers – connections you can foster for a lifetime.

Some of these rewards include:

- accessing exclusive opportunities to impact teaching and learning in your industry
- developing and maintaining rewarding personal and professional connections
- contributing to and learning about leading research and knowledge development
- having a positive impact on the future generations through the power of education.

Exclusive benefits to CDU Alumni include

- **career development opportunities:** seek advice through CDU's Career and Employment team
- **continued learning:** CDU alumni are eligible for free library membership at all of our campuses
- **exclusive offers:** enjoy generous offerings from local and national businesses in the travel, dining, services and entertainment industries
- **networking opportunities**

To find out more about CDU Alumni, go to cdu.edu.au/alumni

"As well as learning in the classroom, CDU connects us to potential employers. A CDU placement at Westpac Commercial Banking opened the gate for me to enter the banking world..."

CDU cares about its students, and truly helps students to find a career."

- Xiumei (May) Fan, Master of Accounting (Professional Practice)
Customer Excellence Specialist – Westpac
